Specializations are both regionally and globally based and require partners to demonstrate skills, knowledge, and competency in a specific Guidewire product or solution, as validated by Guidewire certification achievements and customer references. Partners with specializations can better promote their capabilities across Guidewire products and solutions. Guidewire PartnerConnect *Consulting* partners have now achieved a total of 227 specializations.

Guidewire Education offers multiple certification options for business analysts, quality analysts, and developers including Certified Associate and Certified Ace designations for cloud projects. These cloud certifications, which are required for partners to achieve Guidewire Cloud specializations, help customers identify cloud-ready talent.
