The Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement for the 2022 annual meeting of stockholders and our Annual Report on Form 10-K for the fiscal year ended July 31, 2022 (the "2022 Annual Report"), which includes our audited consolidated financial statements, is first being mailed on or about November 8, 2022, to stockholders entitled to vote at the annual meeting. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the 2022 annual meeting of stockholders. Please read it carefully. Unless the context requires otherwise, the words "Guidewire," "we," the "Company," "us," and "our" refer to Guidewire Software, Inc.

Questions and Answers About the Annual Meeting, the Proxy Materials, and Voting Your Shares

Why did I receive a Notice of Internet Availability of Proxy Materials instead of a full set of proxy materials?

We have elected to furnish our proxy materials, including our proxy statement for the 2022 annual meeting of stockholders and our 2022 Annual Report, primarily via the Internet. The Notice of Internet Availability of Proxy Materials is being provided in accordance with Securities and Exchange Commission ("SEC") rules and contains instructions on how to access our proxy materials. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice of Internet Availability of Proxy Materials. We encourage stockholders to take advantage of the availability of our proxy materials on the Internet to help reduce the environmental impact and cost of our annual meetings of stockholders.

What items will be voted on at the annual meeting?

There are six items expected to be voted on at the annual meeting:

1. The election of eight directors to serve for one-year terms expiring at the 2023 annual meeting;
2. The ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending July 31, 2023;
3. The non-binding, advisory vote to approve the compensation of our named executive officers;
4. The amendment of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings;
5. The amendment of our certificate of incorporation to permit the exculpation of officers; and
6. The amendment and restatement of the Guidewire Software, Inc. 2020 Stock Plan.

What are our Board's voting recommendations?

Our Board recommends that you vote your shares "FOR" each of the nominees to the Board, "FOR" the ratification of the appointment of KPMG LLP, "FOR" the approval of the compensation of our named executive officers, "FOR" the amendment of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings, "FOR" the amendment of our certificate of incorporation to permit the exculpation of officers, and "FOR" the approval of the Amended and Restated Plan.

What is a proxy?

Our Board is soliciting your vote at our 2022 annual meeting of stockholders. A proxy is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. You may designate as your proxies Mike Rosenbaum, Jeff Cooper, and Winston King, who have been selected by our Board to serve as proxies for our 2022 annual meeting of stockholders.

Who can vote at the annual meeting?

The record date for our 2022 annual meeting of stockholders is October 24, 2022. The record date was established by our Board. Stockholders of record at the close of business on the record date are entitled to:

- Receive notice of the annual meeting; and
- Vote by written proxy, Internet or telephone before the annual meeting or by Internet during the annual meeting.

On the record date, 81,876,111 shares of our common stock were outstanding. Each stockholder is entitled to one vote for each share of common stock held on the record date.

What do I need in order to attend the annual meeting online?

We will be hosting our annual meeting via live webcast only. Any stockholder can attend the annual meeting of stockholders live online at www.virtualshareholdermeeting.com/GWRE2022. The webcast will start at 1:30 p.m. Pacific Time on December 20, 2022. Stockholders may vote and ask questions while attending the annual meeting online. In order to be able to attend the annual meeting, you will need the 16-digit control number, which is on your proxy card or in the instructions accompanying your proxy materials. Instructions on how to participate in the annual meeting of stockholders are also posted online at www.proxyvote.com.

Why is this annual meeting being held virtually?

We are excited to provide ease of access, real-time communication, and cost savings for our stockholders. We believe that hosting a virtual meeting provides easy access for our stockholders and facilitates participation since stockholders can participate from any location around the world. You will be able to participate in the annual meeting online and submit your questions during the meeting by visiting www.virtualshareholdermeeting.com/GWRE2022.

How can I submit a question at the annual meeting?

If you would like to submit a question during the annual meeting, log into www.virtualshareholdermeeting.com/GWRE2022 by using the 16-digit control number, which is on your proxy card or in the instructions accompanying your proxy materials, type your question into the "Ask a Question" field, and click "Submit." Questions pertinent to meeting matters will be read and answered during the meeting, subject to time constraints. The questions and answers will be available as soon as practicable after the annual meeting at www.virtualshareholdermeeting.com/GWRE2022 and will remain available for one week after posting.

What if I have technical difficulties or trouble accessing the annual meeting?

If you encounter any technical difficulties with accessing the audio webcast on the meeting day, please call the technical support number that will be posted on www.virtualshareholdermeeting.com/GWRE2022. Technical support will be available starting at 1:00 p.m. Pacific Time, 30 minutes before the meeting start time, on December 20, 2022, and will remain available until the annual meeting has ended.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either among our employees or to third parties, except: (1) as necessary to meet

applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote, and (3) to facilitate a successful proxy solicitation. Occasionally, stockholders provide written comments on their proxy card, which are then forwarded to our management.

What is the difference between holding shares as a “stockholder of record” and holding shares as “beneficial owner” (or in “street name”)?

Most stockholders are considered “beneficial owners” of their shares, that is, they hold their shares through a broker, bank, or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially or in “street name.”

Stockholder of record: If your shares are registered directly in your name with our transfer agent, you are considered the “stockholder of record” with respect to those shares and we are sending the proxy materials directly to you. As a stockholder of record, you have the right to vote by written proxy, Internet or telephone before the annual meeting or by Internet during the annual meeting.

Beneficial owner: If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the “beneficial owner” of shares held in street name, and these proxy materials are being forwarded to you by your broker, bank, or nominee (who is considered the stockholder of record with respect to those shares). As a beneficial owner, you have the right to direct your broker, bank, or nominee as to how to vote your shares if you follow the instructions you receive from your broker, bank, or nominee. You are also invited to attend the annual meeting. Instructions on how to participate in the annual meeting of stockholders will be included in the materials you receive from your broker, bank, or nominee and are also posted online at www.proxyvote.com.

What are the different methods that I can use to vote my shares of common stock?

By Internet before the annual meeting: Stockholders of record can vote their shares via the Internet at www.proxyvote.com 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on December 19, 2022, by using the 16-digit control number, which is on the proxy card or in the instructions accompanying the Notice of Internet Availability of Proxy Materials. Beneficial owners may vote by telephone or the Internet if their banks, brokers or nominees make those methods available, by following the instructions provided to them with the proxy materials.

By written proxy, telephone, or Internet before the annual meeting: Stockholders of record who received printed proxy materials can vote their shares by marking, signing, and timely returning the enclosed proxy card. Beneficial owners must follow the directions provided by their broker, bank, or other nominee in order to direct such broker, bank, or nominee as to how to vote their shares. Stockholders of record who received printed proxy materials can vote their shares by telephone at 1-800-690-6903 until 11:59 p.m. Eastern Time on December 19, 2022 or via the Internet at www.proxyvote.com 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on December 19, 2022, in each case by using the 16-digit control number, which is on the proxy card or in the instructions accompanying the proxy materials. Beneficial owners may also vote by telephone or the Internet before the annual meeting if their banks, brokers, or nominees make those methods available, by following the instructions provided to them with the proxy materials.

By Internet during the annual meeting: Stockholders of record may vote by Internet during the annual meeting at www.virtualshareholdermeeting.com/GWRE2022. Instructions on how to attend and vote during the annual meeting are described at www.proxyvote.com and stockholders will need their 16-digit control number which is on the proxy card or in the instructions accompanying the proxy materials in order to vote. Beneficial owners may not vote their shares at the annual meeting unless they request and obtain a valid proxy from the bank, broker or other nominee that holds their shares.

How many shares must be present to hold the annual meeting?

A majority of our outstanding shares as of the record date must be present at the annual meeting of stockholders in order to hold the annual meeting and conduct business. This is called a quorum.

Your shares will be counted for purposes of determining if there is a quorum, whether representing votes for, against, or abstained, or broker non-votes, if you:

- Are present and vote by Internet during the annual meeting; or
- Have voted on the Internet before the annual meeting, by telephone, or by properly submitting a proxy card or voting instruction form by mail.

If there are not enough shares present both by Internet and by timely and properly submitted proxies to constitute a quorum, the annual meeting may be adjourned until such time as a sufficient number of shares are present.

How are abstentions counted?

Stockholders may choose to abstain or refrain from voting their shares on one or more issues presented for a vote at the annual meeting. However, for purposes of determining the presence of a quorum, abstentions are counted as present. For the purpose of determining whether the stockholders have approved a matter, abstentions will be treated as represented and entitled to vote and, therefore, will have the same effect on the outcome of a matter being voted on at the annual meeting as a vote "AGAINST," except in the election of directors, where abstentions will have no effect on the outcome.

What if a stockholder does not provide a proxy, or if a proxy is returned, it does not specify a choice for one or more issues?

Stockholders should specify their choice for each issue to be voted upon at the annual meeting. If no proxy is returned or if a proxy is signed and returned but no specific instructions are given on one or more of the issues to be voted upon at that annual meeting, proxies will be voted in accordance with applicable rules, laws, and regulations as follows:

Stockholders of Record. If you are a stockholder of record and you do not return a proxy or attend and vote at the annual meeting, your shares will not be voted at our annual meeting and your shares will not be counted for purposes of determining whether a quorum exists for the annual meeting. If you do return a signed proxy but you fail to specify how your shares should be voted on one or more issues to be voted upon at the annual meeting, then to the extent you did not specify a choice, your shares will be voted: (i) FOR Proposal One for the election of all of the director nominees; (ii) FOR Proposal Two ratifying the selection of KPMG LLP as our independent registered public accounting firm; (iii) FOR Proposal Three approving, on an advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement; (iv) FOR Proposal Four approving the amendment and restatement of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings; (v) FOR Proposal Five approving the amendment and restatement of our certificate of incorporation to permit the exculpation of officers; and (vi) FOR Proposal Six approving the amendment and restatement of the Guidewire Software, Inc. 2020 Stock Plan.

Beneficial Owners. If you are a beneficial owner and (i) you do not provide your broker or other nominee who holds your shares with voting instructions, (ii) you do not request, obtain, and return a valid proxy from the organization that holds your shares giving you the right to vote the shares at our annual meeting, or (iii) you do provide a voting instruction card or a valid proxy card but you fail to specify your voting instructions on one or more of the issues to be voted upon at our annual meeting, under applicable rules, your broker or other nominee may exercise discretionary authority to vote your shares on routine proposals, but may not vote your shares on non-routine proposals.

The shares that cannot be voted by brokers and other nominees on non-routine matters, but are represented at the annual meeting, will be deemed present at our annual meeting for purposes of determining whether the necessary quorum exists to proceed with the annual meeting, but will not be considered entitled to vote on the non-routine proposals.

We believe that under applicable rules Proposal Two: **Ratification of Appointment of Independent Registered Public Accounting Firm** is considered a routine matter for which brokerage firms may vote shares that are held in the name of brokerage firms and which are not voted by the applicable beneficial owners.

However, we believe that Proposal One: **Election of Directors**, Proposal Three: **Non-binding, advisory vote on compensation of named executive officers**, Proposal Four: **Amendment and restatement of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings**, Proposal Five: **Amendment and restatement of our certificate of incorporation to permit the exculpation of officers**, and Proposal Six: **Amendment and restatement of the Guidewire Software, Inc. 2020 Stock Plan** are considered non-routine matters under applicable rules. Accordingly, brokers or other nominees cannot vote on these proposals without instructions from beneficial owners.

How do I change or revoke my proxy?

You may revoke your proxy and change your vote at any time before the final vote at the annual meeting. You may vote again on a later date on the Internet or by telephone (only your latest Internet or telephone proxy submitted prior to the annual meeting will be counted), or by signing and returning a new proxy card with a later date, or by attending the annual meeting and voting by Internet during the meeting. However, your attendance at the annual meeting will not automatically revoke your proxy unless you vote again at the annual meeting or specifically request in writing that your prior proxy be revoked.

What does it mean if I receive more than one proxy card?

It means that your shares are registered differently or you have multiple accounts. Please vote all of these shares separately to ensure all of the shares you hold are voted.

What is the voting requirement to approve each of the proposals?

The following table sets forth the voting requirement with respect to each of the proposals:

Proposal One Election of directors	Each director must be elected by a majority of the votes cast; meaning that each director must receive more "FOR" votes (among votes properly cast at the annual meeting or by proxy) than "AGAINST" votes. Abstentions and broker non-votes will not affect the outcome of the vote. If the votes cast for any nominee do not exceed the votes cast against the nominee, our Board will consider whether to accept or reject such director's resignation, which is tendered to our Board pursuant to our amended and restated bylaws and corporate governance guidelines.
Proposal Two Ratification of appointment of independent registered public accounting firm	To be approved by our stockholders, a majority of the shares represented at the annual meeting and entitled to vote on the subject matter must vote "FOR" this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "AGAINST" this proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.
Proposal Three Non-binding advisory vote to approve the compensation of the Company's named executive officers	To be approved by our stockholders, a majority of the shares represented at the annual meeting and entitled to vote on the subject matter must vote "FOR" this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "AGAINST" this proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.
Proposal Four Amendment and restatement of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings	To be approved by our stockholders, a majority of the shares represented at the annual meeting and entitled to vote on the subject matter must vote "FOR" this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "AGAINST" this proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.
Proposal Five Amendment and restatement of our certificate of incorporation to permit the exculpation of officers	To be approved by our stockholders, a majority of the shares represented at the annual meeting and entitled to vote on the subject matter must vote "FOR" this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "AGAINST" this proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.
Proposal Six Amendment and restatement of the Guidewire Software, Inc. 2020 Stock Plan	To be approved by our stockholders, a majority of the shares represented and entitled to vote at the annual meeting must vote "FOR" this proposal. Abstentions are considered shares present and entitled to vote on this proposal, and thus, will have the same effect as a vote "AGAINST" this proposal. Broker non-votes are not considered entitled to vote and, thus, will have no effect on the outcome of the vote.

How can stockholders submit a proposal for inclusion in our proxy statement for the 2023 annual meeting?

To be included in our proxy statement for the 2023 annual meeting, stockholder proposals must comply with the requirements of Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and be received by our Secretary at our principal executive offices by mail at 2850 S. Delaware Street, Suite 400, San Mateo, California 94403 no later than July 6, 2023, which is one hundred twenty (120) calendar days before the one-year anniversary of the date on which we first released this proxy statement to stockholders in connection with this year's annual meeting.

Stockholders may obtain our proxy statement (and any amendments and supplements thereto) and other documents as and when filed by us with the SEC without charge from the SEC's website at www.sec.gov.

How can stockholders submit proposals to be raised at the 2023 annual meeting that will not be included in our proxy statement for the 2023 annual meeting?

To be raised at the 2023 annual meeting, stockholder proposals must comply with our bylaws. Under our bylaws, a stockholder must give advance notice to our Secretary of any business, including nominations of candidates for election as directors to our Board that the stockholder wishes to raise at our annual meeting. To be timely, the notice must be delivered to or mailed and received by our Secretary at our principal executive offices by mail at 2850 S. Delaware St., Suite 400, San Mateo, California 94403 not later than the close of business on the 90th day, nor earlier than the close of business on the 120th day, prior to the anniversary date of the date on which we first mailed our proxy materials or a notice of availability of proxy materials (whichever is earlier) in connection with this year's annual meeting. Since our proxy materials were first distributed on November 8, 2022, stockholder proposals must be received by our Secretary by mail at our principal executive offices no earlier than July 6, 2022 and no later than August 5, 2023, in order to be raised at our 2023 annual meeting.

In addition to satisfying the foregoing requirements under our bylaws, to comply with the universal proxy rules, stockholders who intend to solicit proxies in support of director nominees other than our nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act no later than October 21, 2023.

What if the date of the 2023 annual meeting changes by more than 30 days from the anniversary of this year's annual meeting?

Under Rule 14a-8 of the Exchange Act, if the date of the 2023 annual meeting changes by more than 30 days from the anniversary of this year's annual meeting, to be included in our proxy statement, stockholder proposals must be received by us within a reasonable time before our solicitation is made.

Under our bylaws, if the date of the 2023 annual meeting is advanced by more than 30 days or delayed by more than 60 days from the anniversary of this year's annual meeting, stockholder proposals to be brought before the 2023 annual meeting must be received no earlier than the close of business on the 120th day prior to such annual meeting nor later than the close of business on the later of (i) the 90th day prior to such annual meeting or (ii) the 10th day following the day on which public disclosure of the date of the annual meeting was made.

Does a stockholder proposal require specific information?

With respect to a stockholder's nomination of a candidate for our Board, the stockholder notice to the Secretary must contain certain information as set forth in our bylaws about both the nominee and the stockholder making the nomination. With respect to any other business that the stockholder proposes, the stockholder notice must contain a brief description of such business and the reasons for conducting such business at the annual meeting, as well as certain other information as set forth in our bylaws. If you wish to bring a stockholder proposal or nominate a candidate for director, you are advised to review our bylaws, which contain additional requirements about advance notice of stockholder proposals and director nominations. Our current bylaws may be found on our corporate website at www.guidewire.com under the headings "About/Investor Relations/Corporate Governance."

What happens if we receive a stockholder proposal that is not in compliance with the time frames described above?

If we receive notice of a matter to come before the 2023 annual meeting that is not in accordance with the deadlines described above, we will use our discretion in determining whether or not to bring such matter before such meeting. If such matter is brought before such meeting, then our proxy card for such meeting will confer upon our proxy holders' discretionary authority to vote on such matter.

What happens if additional matters are presented at the annual meeting?

Other than the six items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. If you grant a proxy, the persons named as proxy holders, Mike Rosenbaum, Jeff Cooper, and Winston King, or any of them, will have the discretion to vote your shares on any additional matters properly presented for a vote at the annual meeting. If for any reason any of the nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by our Board.

Who bears the cost of this solicitation?

We pay the entire cost of preparing, assembling, printing, mailing, and distributing these proxy materials. In addition, we may reimburse banks, brokers, and other custodians, nominees, and fiduciaries representing beneficial owners of shares for their expenses in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of our directors, officers, and employees, personally or by mail, telephone, facsimile, email, or other means of communication (electronic or otherwise). No additional compensation will be paid for such services.

What if only one copy of these proxy materials was delivered to multiple stockholders who share a single address?

In some cases, only one copy of this proxy statement and the accompanying 2022 Annual Report, or Notice of Internet Availability of Proxy Materials, may be delivered to multiple stockholders sharing an address unless we have received contrary instructions from one or more of the stockholders. We will deliver promptly, upon written or oral request, a separate copy of this proxy statement and the accompanying 2022 Annual Report, or Notice of Internet Availability of Proxy Materials, to a stockholder at a shared address to which a single copy of the document was delivered. To request separate delivery of these materials now or in the future, you may submit a written request to our Secretary at Guidewire Software, Inc., 2850 South Delaware St. Suite 400, San Mateo, California 94403. Additionally, any stockholders who are presently sharing an address and receiving multiple copies of the proxy statement and the 2022 Annual Report, or Notice of Internet Availability of Proxy Materials, and who would rather receive a single copy of such materials may instruct us accordingly by directing their request to us in the manner provided above.

Where can I find the voting results of the annual meeting?

We will announce preliminary voting results at the annual meeting. We will also disclose voting results on a Form 8-K filed with the SEC within four business days after the annual meeting, which will be available on our website.

Proposal One

Election of Directors

In voting on the election of our director nominees, stockholders may vote for or against or abstain from voting on each nominee.

Our Board recommends a vote "FOR" each of the director nominees.

Assuming a quorum is present, each director nominee will be elected only if he or she receives a majority of the votes cast for him or her.

Our bylaws provide that the number of directors that shall constitute the whole board shall be fixed from time to time by resolution of the board of directors or by the stockholders at an annual meeting of the stockholders. Following our 2022 annual meeting, our Board will be comprised of eight directors.

Recommendation

Based on the recommendation of the nominating and corporate governance committee (the "NCG Committee"), our Board has nominated **Marcus S. Ryu, Paul Lavin, Mike Rosenbaum, David S. Bauer, Margaret Dillon, Michael C. Keller, Catherine P. Lego, and Rajani Ramanathan** for election, each to serve a one-year term expiring at the 2023 annual meeting, unless such directors resign or their service as directors otherwise ceases in accordance with our amended and restated certificate of incorporation or amended and restated bylaws.

Vote Required for Approval

The affirmative vote of a majority of all the votes cast at a meeting at which a quorum is present is necessary for the election of a director in an uncontested election, which means that the number of shares voted "FOR" a nominee must exceed the number of shares voted "AGAINST" the nominee. If you do not instruct your broker, bank, or other nominee how to vote with respect to this proposal, your broker, bank, or other nominee may not cast votes on your behalf with respect to this proposal. For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast for or against a nominee's election.

Pursuant to our amended and restated bylaws and corporate governance guidelines, each director nominee has tendered an irrevocable resignation to our Board that will be effective upon (i) the failure of such director to receive a majority of votes cast for his or her election and (ii) the Board's acceptance of such resignation. If such director nominee receives a greater number of votes cast against his or her election than in favor of his or her election, the nominating and corporate governance committee will consider such director's offer to resign and will make a recommendation to the Board on whether to accept or reject the resignation or whether other action should be taken.

It is the intention of the persons named as proxies herein to vote in favor of the candidates nominated by the Board unless directed otherwise through your proxy voting instructions. If any nominee should not be available for election, the proxies will be voted in the best judgment of the persons authorized as proxies.

Proposal Two

Ratification of Appointment of Independent Registered Public Accounting Firm

The Board recommends a vote "FOR" the ratification of KPMG as our independent registered public accounting firm for the fiscal year ending July 31, 2023.

Recommendation

On the recommendation of the audit committee of our Board (the "Audit Committee"), our Board has appointed KPMG LLP ("KPMG"), independent public accountants, to audit our financial statements for the fiscal year ending July 31, 2023. We are submitting this selection to our stockholders for ratification.

Although we are not required to seek stockholder approval for this appointment, we believe it is sound corporate practice to do so. Representatives from KPMG will attend the annual meeting to respond to any appropriate questions and will have the opportunity to make a statement, if they so desire. If the stockholders do not ratify the appointment of KPMG, the Audit Committee will reconsider the appointment.

In the vote on the ratification of the selection of KPMG as our independent registered public accounting firm, stockholders may:

- Vote in favor of ratification;
- Vote against ratification; or
- Abstain from voting on ratification.

Vote Required for Approval

Assuming a quorum is present, the selection of KPMG as our independent registered public accounting firm will be ratified if the affirmative vote of a majority of the shares represented and entitled to vote on the matter at the annual meeting is obtained. In the event that the stockholders do not ratify the selection of KPMG, the appointment of the independent registered public accounting firm will be reconsidered by the Audit Committee.

Auditor Information

The types of services and aggregate fees billed or expected to be billed by KPMG with respect to our fiscal years 2021 and 2022 are as follows:

Description of Services	Fiscal Year Ended July 31,	
	2021(\$)	2022(\$)
Audit Fees ⁽¹⁾	2,968,273	3,154,827
Audit-Related Fees	—	—
Tax Fees ⁽²⁾	228,150	205,029
All Other Fees	—	—

(1) Relates to (i) the audit of our annual financial statements and internal controls, (ii) the review of the financial statements included in our quarterly reports, and (iii) statutory audits required by non-U.S. jurisdictions.

(2) Relates primarily to research and development credit studies and international tax compliance and consulting services.

The Audit Committee considered whether the provision of the foregoing services by KPMG was compatible with maintaining KPMG's independence and determined that they were compatible.

In accordance with its charter, the Audit Committee is required to pre-approve all audit and audit-related services and permitted non-audit services, including the terms of all engagements, to be performed by our independent registered public accounting firm. As part of its review, the Audit Committee considers whether the non-audit services will or may potentially impact our independent registered public accounting firm's independence. During fiscal years 2021 and 2022, all services performed by KPMG for our benefit were pre-approved by the Audit Committee in accordance with its charter and all applicable laws, rules, and regulations.

Audit Committee Report

The material in this report shall not be deemed to be (i) "soliciting material," (ii) "filed" with the SEC, (iii) subject to Regulations 14A or 14C of the Exchange Act, or (iv) subject to the liabilities of Section 18 of the Exchange Act. This report shall not be deemed incorporated by reference into any of our other filings under the Exchange Act or the Securities Act of 1933, as amended (the "Securities Act"), except to the extent the Company specifically incorporates it by reference into such filing.

Role of the Audit Committee

The Audit Committee operates under a written charter adopted by our Board in connection with the Company's initial public offering, which provides that its functions include the oversight of the quality of the Company's financial reports and other financial information and its compliance with legal and regulatory requirements; the appointment, compensation, and oversight of the Company's independent registered public accounting firm including reviewing their independence; reviewing and approving the planned scope of the Company's annual audit; reviewing and pre-approving any non-audit services that may be performed by the Company's independent registered public accounting firm; reviewing with management and the Company's independent registered public accounting firm the adequacy of internal financial controls; and reviewing the Company's critical accounting policies and estimates and the application of U.S. generally accepted accounting principles ("GAAP"). The Audit Committee held nine meetings during fiscal year 2022.

The Audit Committee oversees the Company's financial reporting process on behalf of the Board. Management is responsible for the Company's internal controls, financial reporting process, and compliance with laws and regulations and ethical business standards. The Company's independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and an independent audit of the Company's internal control over financial reporting, both in accordance with the standards of the Public Company Accounting Oversight Board (United States) ("PCAOB"). The Audit Committee's responsibility is to monitor and oversee this process.

Review of Audited Financial Statements for Fiscal Year Ended July 31, 2022

The Audit Committee reviewed and discussed the Company's audited financial statements for the fiscal year ended July 31, 2022 with management. The Audit Committee discussed with KPMG the matters required to be discussed under the PCAOB standards.

The Audit Committee received the written disclosures and the letter from KPMG required by PCAOB Standards regarding KPMG's communications with the Audit Committee concerning independence (Communication with Audit Committees Concerning Independence) and the Audit Committee has discussed with KPMG its independence from the Company and its management.

The Company's management has established and the Audit Committee has reviewed and approved procedures for the receipt, retention, and treatment of complaints received by the Company regarding accounting, internal accounting controls, or auditing matters, including the confidential, anonymous submission by the Company's employees, received through established procedures, of concerns regarding questionable accounting or auditing matters.

Based on the Audit Committee's review and discussions with management and KPMG, the Audit Committee recommended to our Board that the Company's audited consolidated financial statements be included in the 2022 Annual Report for filing with the SEC.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent registered public accounting firm. Accordingly, Audit Committee oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with the standards of the PCAOB, that the consolidated financial statements are presented in accordance with U.S. generally accepted accounting principles or that KPMG is in fact "independent."

Proposal Three

Advisory Vote on Compensation of Named Executive Officers

Section 14A of the Exchange Act generally requires each public company to include in its proxy statement a separate resolution subject to a non-binding, advisory stockholder vote to approve the compensation of the company's named executive officers, as disclosed in its proxy statement pursuant to Item 402 of Regulation S-K, not less frequently than once every three years. This is commonly known as, and is referred to herein as, a "say-on-pay" proposal or resolution.

As described in detail under the heading "Compensation Discussion and Analysis," our executive compensation programs are designed to attract, retain, and motivate our named executive officers, who are critical to our success. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term, and strategic goals, and the realization of increased stockholder value. Please refer to the "Compensation Discussion and Analysis" in our proxy statement for additional details about our executive compensation programs, including information about the compensation of our named executive officers for the fiscal year ended July 31, 2022.

The compensation committee of the Board (the "Compensation Committee") annually reviews the compensation programs for our named executive officers to ensure that they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests.

The say-on-pay proposal is advisory, and therefore will not have any binding legal effect on the Company, our Board, or the Compensation Committee. However, our Board and the Compensation Committee do value the opinions of our stockholders and intend to take the results of the vote on this proposal into account in its future decisions regarding the compensation of our named executive officers.

The Board recommends a vote "FOR" the approval of the compensation of our named executive officers, as disclosed in the proxy.

Recommendation

We are asking our stockholders to indicate their support for our named executive officers' compensation as described in this proxy statement. This say-on-pay proposal gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not limited to any specific item of compensation, but rather addresses the overall compensation of our named executive officers and our philosophy, policies, and practices relating to their compensation as described in this proxy statement pursuant to Item 402 of Regulation S-K. The following say-on-pay resolution is submitted for a stockholder vote at the annual meeting:

"RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby **APPROVED**."

Vote Required for Approval

The advisory approval of our executive compensation requires the approval of a majority of the shares present or represented by proxy and entitled to vote on the proposal at the annual meeting.

Proposal Four

Amendment and Restatement of Our Certificate of Incorporation to Permit Stockholders Holding 20% of Our Outstanding Common Stock to Call Special Meetings

This proposal seeks to provide stockholders owning a specified percentage of the Company's outstanding capital stock the right to require the Company to call a special meeting of stockholders, in accordance with, and subject to, the provisions that would be set forth in our governing documents.

As part of our continuous evaluation of corporate governance practices, our Board regularly reviews our governing documents and considers possible changes. Under our current amended and restated certificate of incorporation (the "Current Certificate"), only the board of directors, the chairperson of the board of directors, the chief executive officer, or the president (in the absence of a chief executive officer) may call a special meeting of stockholders.

The Board recommends our stockholders vote "FOR" the amendment and restatement of our certificate of incorporation to permit stockholders holding 20% of our outstanding common stock to call special meetings.

While we believe that our current governance structure has served our stockholders well, our Board, having heard our stockholders' preferences (including through their engagement with us and their assessment of a past proposal), has decided that it is in the best interests of the Company and our stockholders to permit stockholders holding a sufficiently large economic and voting interest in the Company to require that the Company call a special meeting of its stockholders.

The Board recognizes that providing a significant portion of the stockholders of a company the ability to call special meetings is viewed by some stockholders as a useful corporate governance practice. However, the Board also recognizes the need for appropriate parameters given that special meetings of stockholders can be potentially disruptive to business operations and to long-term stockholder interests, can be misused, and can cause the Company to incur substantial expenses. Accordingly, the Board believes that the proposed 20% ownership threshold for calling special meetings of stockholders, will help to balance these considerations, ensuring that special meetings can be called by stockholders with a meaningful interest in the Company but be less likely to be disruptive to the Company and its operations and be more likely to address matters that merit the unusual step of convening a meeting in advance of the regularly scheduled annual meeting process.

In order to implement this stockholder right, we are asking our stockholders to approve the amendment and restatement of the Current Certificate. A copy of the proposed Amended and Restated Certificate of Incorporation, marked to show the proposed changes to the Current Certificate, is attached hereto as Appendix B (the "Amended and Restated Certificate").

Contingent upon the approval of the Amended and Restated Certificate, the Board will effect certain changes to our amended and restated bylaws (which do not require stockholder approval) to permit stockholders to call special meetings consistent with the rights provided in the Amended and Restated Certificate. This proposal four is separate and independent from proposal five. If both proposals are approved, we will combine the proposed changes in Appendix B and Appendix C into one consolidated Amended and Restated Certificate of Incorporation.

Proposed Amendment and Restatement of the Current Certificate

The proposed Amended and Restated Certificate would permit holders of record of at least 20% of all then outstanding shares of capital stock of the Company to call a special meeting of stockholders.

This description of the proposed Amended and Restated Certificate is a summary and is qualified by the full text of the proposed Amended and Restated Certificate, which is attached to this proxy statement as Appendix B and is marked to show the changes described above.

Recommendation

After consideration of the foregoing and other factors, including engagement with our stockholders who have indicated support for a stockholder right to call special meetings, our Board has unanimously determined that it is in the best interests of the Company and our stockholders to amend and restate the Current Certificate in order to permit stockholders to call a special meeting. Therefore, our Board has unanimously approved the proposed Amended and Restated Certificate and recommends that our stockholders vote "FOR" the amendment and restatement of our certificate of incorporation to permit stockholders holding 20% of our outstanding stock to call special meetings.

Vote Required

The affirmative vote of the holders of a majority of the voting power of all of the outstanding shares of the capital stock of the Company entitled to vote at the annual meeting is required to approve the Amended and Restated Certificate. Shares that are voted "abstain" are treated as the same as voting "against" this proposal.

If our stockholders approve the Amended and Restated Certificate, our Board has authorized our officers to file the Amended and Restated Certificate with the Delaware Secretary of State, and the Amended and Restated Certificate would become effective upon acceptance by the Delaware Secretary of State. Our Board intends to make that filing if, and as soon as practicable after, this proposal is approved at this annual meeting.

If our stockholders do not approve the Amended and Restated Certificate, then the changes shown in Appendix B will not be adopted.

Proposal Five

Amendment and Restatement of Our Certificate of Incorporation to Permit the Exculpation of Officers

The Board recommends our stockholders vote "FOR" the amendment and restatement of our certificate of incorporation to permit exculpation of officers.

Section 102(b)(7) of the General Corporation Law of the State of Delaware was amended effective August 1, 2022 to authorize exculpation of officers of Delaware corporations. Specifically, the amendments extend the opportunity for Delaware corporations to exculpate their officers, in addition to their directors, for personal liability for breach of the duty of care in certain actions. This provision would not exculpate officers from liability for breach of the duty of loyalty, acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law, or any transaction in which the officer derived an improper personal benefit. Nor would this provision exculpate such officers from liability for claims brought by or in the right of the corporation, such as derivative claims.

The Board believes it is necessary to provide protection to officers to the fullest extent permitted by law in order to attract and retain top talent. This protection has long been afforded to directors. Accordingly, the Board believes that the proposal to extend exculpation to officers is fair and in the best interests of the corporation and its stockholders.

This proposal five is separate and independent from proposal four. If both proposals are approved, we will combine the proposed changes in Appendix B and Appendix C into one consolidated Amended and Restated Certificate of Incorporation.

Proposed Amendment and Restatement of the Current Certificate

The proposed Amended and Restated Certificate would authorize the exculpation of officers for personal liability for breach of the duty of care in certain actions as permitted by Section 102(b)(7) of the Delaware General Corporation Law.

This description of the proposed Amended and Restated Certificate is a summary and is qualified by the full text of the proposed Amended and Restated Certificate, which is attached to this proxy statement as Appendix C and is marked to show the changes described above.

Recommendation

Our Board has unanimously determined that it is in the best interests of the Company and our stockholders to amend and restate the Current Certificate in order to permit the exculpation of officers pursuant to Section 102(b)(7) of the Delaware General Corporation Law. Therefore, our Board has unanimously approved the proposed Amended and Restated Certificate and recommends that our stockholders vote "FOR" the amendment and restatement of our certificate of incorporation to permit such exculpation of officers.

Vote Required

The affirmative vote of the holders of a majority of the voting power of all of the outstanding shares of the capital stock of the Company entitled to vote at the annual meeting is required to approve the Amended and Restated Certificate. Shares that are voted "abstain" are treated as the same as voting "against" this proposal.

If our stockholders approve the Amended and Restated Certificate, our Board has authorized our officers to file the Amended and Restated Certificate with the Delaware Secretary of State, and the Amended and Restated Certificate would become effective upon acceptance by the Delaware Secretary of State. Our Board intends to make that filing if, and as soon as practicable after, this proposal is approved at this annual meeting.

If our stockholders do not approve the Amended and Restated Certificate, then the changes shown in Appendix C will not be adopted.

Proposal Six

Approval of the Amendment and Restatement of the Guidewire Software, Inc. 2020 Stock Plan (“Stock Plan”) to increase the total number of shares of common stock available for issuance under the Stock Plan by 1,780,000

The Board recommends a vote “FOR” the amendment and restatement of the Guidewire Software, Inc. 2020 Stock Plan

Our Board believes that stock-based incentive awards can play an important role in the success of the Company by encouraging and enabling the employees, officers, non-employee directors, and consultants of the Company and its subsidiaries upon whose judgment, initiative and efforts the Company largely depends for the successful conduct of its business to acquire a proprietary interest in the Company. Our Board believes that providing such persons with a direct stake in the Company assures a closer identification of the interests of such individuals with those of the Company and its stockholders, thereby stimulating their efforts on the Company’s behalf and strengthening their desire to remain with the Company.

On September 10, 2020, our Board adopted the Guidewire Software, Inc. 2020 Stock Plan (the “Stock Plan”), which was approved by our stockholders on December 15, 2020. On September 8, 2022, our Board adopted an amendment and restatement of the Stock Plan (the “Amended and Restated Plan”), subject to stockholder approval at the 2022 annual meeting. The Amended and Restated Plan increases the aggregate number of shares authorized for issuance under the Stock Plan. The Amended and Restated Plan is designed to enhance the flexibility to grant equity awards to our officers, employees, non-employee directors and consultants and to ensure that we can continue to grant equity awards to eligible recipients at levels determined to be appropriate by our Board and/or the Compensation Committee. A copy of the Amended and Restated Plan is attached as Appendix D to this proxy statement and is incorporated herein by reference.

We are asking you to approve the proposed Amended and Restated Plan, which will make 6,780,000 shares of our common stock (which includes the initial 5,000,000 shares reserved and the additional 1,780,000 shares being requested herein) available for the granting of awards under compensatory arrangements and incentives permitted thereunder, effective as of the date of our 2022 annual meeting. We are asking our stockholders to approve the Amended and Restated Plan so that we have a sufficient reserve of common stock to incentivize, attract and retain talent in a highly competitive market and industry, and to align the interests of our employees with those of our stockholders. If our stockholders do not approve the Amended and Restated Plan, then 1,780,000 additional shares will not become available for issuance under the Stock Plan.

The Stock Plan will otherwise remain in effect in accordance with its terms and based on historical and current grant practices, we anticipate that we could deplete our share reserve prior to September 2024, putting us at a severe competitive disadvantage by eliminating our ability to offer equity incentives to motivate, attract and retain our employees. In such event, our Board will consider whether to adopt alternative arrangements based on its assessment of our needs. We believe that the proposed share pool increase to the Stock Plan is reasonable, appropriate, and in the best interests of our stockholders.

As of September 30, 2022, there were stock options to acquire 136,606 shares of common stock outstanding under our equity compensation plans, with a weighted average exercise price of \$67.36 and a weighted average remaining term of 9.14 years. In addition, as of September 30, 2022, there were 3,790,284 unvested full value awards with time-based vesting and 447,415 unvested full value awards with performance-based vesting outstanding under our equity compensation plans. Other than the foregoing, no awards under our equity compensation plans were outstanding as of September 30, 2022.

As of September 30, 2022, 1,436,455 shares of our common stock remain available for issuance under the Stock Plan. This amount does not reflect the additional 1,780,000 shares reserved under the Amended and Restated Plan, as set forth in this proposal.

Summary of Material Features of the Amended and Restated Plan

The material features of the Amended and Restated Plan are:

- Pursuant to the Amended and Restated Plan, an additional 1,780,000 shares are reserved for issuance under the Amended and Restated Plan (together with the 5,000,000 shares of common stock initially reserved under the Stock Plan, an aggregate of 6,780,000 shares);
- The award of stock options (both incentive and non-qualified options), stock appreciation rights, restricted stock, restricted stock units, unrestricted stock, cash-based awards, and dividend equivalent rights is permitted;
- Shares that are forfeited, cancelled, or otherwise terminated (other than by exercise) will be added back to the reserved pool under the Amended and Restated Plan. Shares tendered or held back upon exercise of an option or settlement of an award to cover the exercise price or tax withholding, and shares subject to a stock appreciation right that are not issued in connection with the stock settlement of the stock appreciation right upon exercise thereof, will not be added back to the reserved pool under the Amended and Restated Plan. In addition, shares we reacquire on the open market will not be added to the reserved pool under the Amended and Restated Plan;
- Stock options and stock appreciation rights will not be repriced in any manner without stockholder approval;
- The value of all awards awarded under the Amended and Restated Plan and all other cash compensation paid by us to any non-employee director in any calendar year may not exceed \$750,000;
- Any dividends and dividend equivalent rights payable with respect to any equity award are subject to the same vesting provisions as the underlying award.
- The plan administrator may only accelerate the exercisability or vesting of awards in circumstances involving a grantee's death or disability;
- Any material amendment to the Amended and Restated Plan is subject to approval by our stockholders; and
- The term of the Amended and Restated Plan will expire on December 14, 2030 and no incentive stock options may be granted under the Amended and Restated Plan after September 9, 2030. We are not asking our stockholders to extend the term of the Stock Plan.

Based solely on the closing price of our common stock as reported by the New York Stock Market on September 30, 2022 and the maximum number of shares that would have been available for awards as of such date under the Amended and Restated Plan, the maximum aggregate market value of the common stock that could potentially be issued under the Amended and Restated Plan is \$198,069,299.

Rationale for Share Increase

Equity incentive awards are an important component of our executive and non-executive employees' compensation. We grant equity awards on a broad basis to our employees because we believe equity compensation is a critical component of the Company's human capital management strategy, as it is essential to our recruiting, development, and retention objectives, which focus on attracting skilled and engaged employees who contribute the talent and diverse perspectives necessary to our innovative, forward-looking, and inclusive workforce. Also, we believe that a broad-based equity compensation program incentivizes employees to achieve our short-term and long-term business objectives, promotes an employee ownership culture, motivates employees to increase stockholder value by establishing a strong link between our employees and our stockholders' interests, and because the awards are typically subject to vesting and other conditions, promotes a focus on long-term value creation. Based on historical and current grant practices, we anticipate that we could deplete our share reserve under the Stock

Plan prior to September 2024. If our stockholders approve the Amended and Restated Plan, we anticipate being able to award grants for approximately two years, depending on a variety of factors, including the future price of our common stock, our hiring activity during the next few years and the rate of forfeitures of outstanding awards. Without stockholder approval of the Amended and Restated Plan, we would not be able to offer a competitive equity compensation program to attract, retain and motivate the talented and qualified employees necessary for our continued growth and success, especially in an industry that increasingly relies on equity compensation as a key component of overall employee compensation. Hence, the Amended and Restated Plan is critical to our ongoing effort to build stockholder value.

We manage our long-term stockholder dilution by limiting the number of equity incentive awards granted annually. The Compensation Committee carefully monitors our annual net burn rate, total dilution and equity expense in order to maximize stockholder value by granting only the number of equity incentive awards that it believes are necessary and appropriate to attract, reward and retain our employees. Our compensation philosophy reflects broad-based eligibility for equity incentive awards for our employees. By doing so, we link the interests of those employees with those of our stockholders and motivate our employees to act as owners of the business.

Burn Rate

The following table sets forth information regarding historical awards granted and earned for the FY 2020 through 2022 period, and the corresponding burn rate, which is defined as the number of shares subject to equity-based awards granted in a year divided by the weighted average number of shares of common stock outstanding for that year, for each of the last three fiscal years:

Share Element	2022	2021	2020
Restricted Stock Units	1,942,391	1,429,325	1,587,664
Total Awards Granted ⁽¹⁾	1,942,391	1,429,325	1,587,664
Weighted average common shares outstanding during the fiscal year	83,569,517	83,577,375	82,855,392
Annual Burn Rate	2.32%	1.71%	1.92%
Three-Year Average Burn Rate ⁽²⁾	1.98%	N/A	N/A

(1) Total Awards Granted represents the sum of Stock Options Granted and Adjusted Full-Value Awards Granted.

(2) As illustrated in the table above, our three-year average burn rate for the FY 2020-2022 period was 1.98%.

The Compensation Committee determined the size of reserved pool under the Amended and Restated Plan based on projected equity awards to anticipated new hires, projected annual equity awards to existing employees and an assessment of the magnitude of increase that our institutional investors and the firms that advise them would likely find acceptable. As noted above, we anticipate that if our request to increase the share reserve is approved by our stockholders, it will provide us with enough shares for equity awards for approximately two years, with such timing dependent on a variety of factors, including the future price of our common stock, our hiring activity during the next few years and the rate of forfeitures of outstanding awards. These factors may require us to reevaluate our current equity grant practices which could then cause the reserved pool under the Amended and Restated Plan to be depleted at a more rapid pace.

Summary of the Amended and Restated Plan

The following description of certain features of the Amended and Restated Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the Amended and Restated Plan, which is attached hereto as Appendix D.

Administration. The Amended and Restated Plan will be administered by the Compensation Committee. The Compensation Committee has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each award, subject to the provisions of the Amended and Restated Plan. The Compensation Committee may not accelerate the exercisability or vesting of all or any portion of any award unless in circumstances involving a grantee's death or disability. The Compensation Committee may delegate to a committee consisting of one or more officers of the Company, including our CEO, the authority to grant awards to employees who are not subject to the reporting and other provisions of Section 16 of the Exchange Act and are not members of the delegated committee, subject to certain limitations and guidelines.

Eligibility; Plan Limits. All full-time and part-time officers, employees, non-employee directors and consultants are eligible to participate in the Amended and Restated Plan, subject to the discretion of the administrator. As of September 30, 2022, approximately 3,254 individuals would have been eligible to participate in the Amended and Restated Plan had it been effective on such date, which includes 5 executive officers, 3,241 employees who are not executive officers, 7 non-employee directors and 1 consultant. There are certain limits on the number of awards that may be granted under the Amended and Restated Plan. For example, no more than 6,780,000 shares of stock may be issued in the form of incentive options. In addition, there is a \$100,000 limit on the value of shares of common stock subject to incentive options that may first become exercisable by an optionee in any one calendar year.

Director Compensation Limit. The Amended and Restated Plan provides that the value of all awards awarded under the Amended and Restated Plan and all other cash compensation paid by the Company to any non-employee director in any calendar year shall not exceed \$750,000.

Stock Options. The Amended and Restated Plan permits the granting of (1) options to purchase common stock intended to qualify as incentive stock options under Section 422 of the Code and (2) options that do not so qualify. Options granted under the Amended and Restated Plan will be non-qualified options if they fail to qualify as incentive options or exceed the annual limit on incentive stock options. Incentive stock options may only be granted to employees of the Company and its subsidiaries. Non-qualified options may be granted to any persons eligible to receive incentive options and to non-employee directors and consultants. The option exercise price of each option will be determined by the Compensation Committee. Except in the case of options (i) granted pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code, (ii) granted to individuals who are not subject to U.S. income tax on the date of grant or (iii) that are compliant with Section 409A of the Code, the exercise price of an option may not be less than 100% of the fair market value of the common stock on the date of grant. Fair market value for this purpose will be determined by reference to the last reported sale price of the shares of common stock on the New York Stock Exchange. The exercise price of an option may not be reduced after the date of the option grant without stockholder approval, other than to appropriately reflect changes in our capital structure.

The term of each option will be fixed by the Compensation Committee and may not exceed ten years from the date of grant. The Compensation Committee will determine at what time or times each option may be exercised. Options may be made exercisable in installments and the exercisability of options may be accelerated by the Compensation Committee only in circumstances involving an optionee's death or disability. In general, unless otherwise permitted by the Compensation Committee, no option granted under the Amended and Restated Plan is transferable by the optionee other than by will or by the laws of descent and distribution or pursuant to a domestic relations order, and options may be exercised during the optionee's lifetime only by the optionee, or by the optionee's legal representative or guardian in the case of the optionee's incapacity.

Upon exercise of options, the option exercise price must be paid in full either in cash, by certified or bank check or other instrument acceptable to the Compensation Committee or by delivery (or attestation to the ownership) of shares of common stock that are beneficially owned by the optionee and that are not subject to risk of forfeiture. Subject to applicable law, the exercise price may also be delivered to the Company by a broker pursuant to irrevocable instructions to the broker from the optionee. In addition, non-qualified options may be exercised using a net exercise feature which reduces the number of shares issued to the optionee by the number of shares with a fair market value equal to the exercise price.

To qualify as incentive options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to incentive options that first become exercisable by a participant in any one calendar year.

Stock Appreciation Rights. The Compensation Committee may award stock appreciation rights subject to such conditions and restrictions as the Compensation Committee may determine. Stock appreciation rights entitle the recipient to shares of common stock or cash equal to the value of the appreciation in the stock price over the exercise price. The exercise price may not be less than the fair market value of the common stock on the date of grant. The term of a stock appreciation right may not exceed ten years.

Restricted Stock. The Compensation Committee may award shares of common stock to participants subject to such conditions and restrictions as the Compensation Committee may determine. These conditions and restrictions may include the achievement of certain performance goals and/or continued employment with us through a specified restricted period. During the vesting period, restricted stock awards may be credited with dividend equivalent rights (but dividend equivalents payable with respect to restricted stock awards with vesting shall not be paid unless and until such vesting conditions are attained).

Restricted Stock Units. The Compensation Committee may award restricted stock units to participants. Restricted stock units are ultimately payable in the form of shares of common stock or cash subject to such conditions and restrictions as the Compensation Committee may determine. These conditions and restrictions may include the achievement of certain performance

goals and/or continued employment with the Company through a specified vesting period. In the Compensation Committee's sole discretion, it may permit a participant to make an advance election to receive a portion of his or her future cash compensation otherwise due in the form of a restricted stock unit award, subject to the participant's compliance with the procedures established by the Compensation Committee and requirements of Section 409A of the Code. During the deferral period, the deferred stock awards may be credited with dividend equivalent rights.

Unrestricted Stock Awards. The Compensation Committee may also grant shares of common stock that are free from any restrictions under the Amended and Restated Plan. Unrestricted stock may be granted to any participant in recognition of past services or other valid consideration and may be issued in lieu of cash compensation due to such participant.

Cash-Based Awards. The Compensation Committee may grant cash bonuses under the Amended and Restated Plan to participants. The cash bonuses may be subject to the achievement of certain performance goals.

Dividend Equivalent Rights. The Compensation Committee may grant dividend equivalent rights to participants, which entitle the recipient to receive credits for dividends that would be paid if the recipient had held specified shares of common stock. Dividend equivalent rights granted as a component of another award (other than a stock option or stock appreciation right) may be paid only if the related award becomes vested. Dividend equivalent rights may be settled in cash, shares of common stock or a combination thereof, in a single installment or installments, as specified in the award.

Change of Control Provisions. The Amended and Restated Plan provides that upon the effectiveness of a "sale event," as defined in the Amended and Restated Plan, outstanding awards may be assumed, continued or substituted for by the successor entity. If such awards are not assumed, continued or substituted for by the successor entity, then except as otherwise provided by the Compensation Committee in the award agreement, all awards with time-based conditions will become vested and exercisable upon the sale event and awards with conditions and restrictions relating to the attainment of performance goals may become vested and non-forfeitable in connection with a sale event to the extent specified in the relevant award agreement. In addition, the Company may make or provide for payment, in cash or in kind, to participants holding options and stock appreciation rights equal to the difference between the per share cash consideration and the exercise price of the options or stock appreciation rights (provided that, in the case of an option or stock appreciation right with an exercise price equal to or greater than the per share cash consideration, such option or stock appreciation right shall be cancelled for no consideration). The Compensation Committee shall also have the option to make or provide for a payment, in cash or in kind, to grantees holding other awards in an amount equal to the per share cash consideration multiplied by the number of vested shares under such awards. All awards will terminate in connection with a sale event unless they are assumed by the successor entity.

Adjustments for Stock Dividends, Stock Splits, Etc. The Amended and Restated Plan requires the Compensation Committee to make appropriate adjustments to the number of shares of common stock that are subject to the Amended and Restated Plan, to certain limits in the Amended and Restated Plan, and to any outstanding awards to reflect stock dividends, stock splits, extraordinary cash dividends and similar events.

Tax Withholding. Participants in the Amended and Restated Plan are responsible for the payment of any federal, state or local taxes that the Company is required by law to withhold upon the exercise of options or stock appreciation rights or vesting of other awards. The Compensation Committee may require the Company's tax withholding obligation to be satisfied, in whole or in part, by the Company withholding from shares of stock to be issued pursuant to any award a number of shares with an aggregate fair market value (as of the date the withholding is effected) that would satisfy the withholding amount due; provided, however, that the amount withheld does not exceed the maximum statutory tax rate or such lesser amount as is necessary to avoid liability accounting treatment. The Compensation Committee may also require the Company's tax withholding obligation to be satisfied, in whole or in part, by an arrangement whereby a certain number of shares issued pursuant to any award are immediately sold and proceeds from such sale are remitted to the Company in an amount that would satisfy the withholding amount due.

Amendments and Termination. Our Board may at any time amend or discontinue the Amended and Restated Plan and the Compensation Committee may at any time amend or cancel any outstanding award for the purpose of satisfying changes in the law or for any other lawful purpose. However, no such action may adversely affect any rights under any outstanding award without the holder's consent. To the extent required under the rules of the New York Stock Exchange, any amendments that materially change the terms of the Amended and Restated Plan will be subject to approval by our stockholders. Amendments shall also be subject to approval by our stockholders if and to the extent determined by the Compensation Committee to be required by the Code to preserve the qualified status of incentive options.

Effective Date of Amended and Restated Plan. Our Board adopted the Amended and Restated Plan on [September 8], 2022, and it will become effective upon approval by our stockholders. No awards of incentive options may be granted under the

Amended and Restated Plan after September 9, 2030. No other awards may be granted under the Amended and Restated Plan after December 14, 2030.

New Plan Benefits

Because the grant of awards under the Amended and Restated Plan is within the discretion of our Board and the Compensation Committee, the Company cannot determine the dollar value or number of shares of common stock that will in the future be received by or allocated to any participant in the Amended and Restated Plan. Accordingly, in lieu of providing information regarding benefits that will be received under the Amended and Restated Plan, the following table provides information concerning the benefits that were received by the following persons and groups during FY 2022: each named executive officer; all current executive officers, as a group; all current directors who are not executive officers, as a group; and all current employees who are not executive officers, as a group.

(1) The valuation of stock awards is based on the grant date fair value computed in accordance with FASB ASC Topic 718. For a discussion of the assumptions used in calculating these values, see Note 10 to our consolidated financial statements in our annual report on Form 10-K for the fiscal year ended July 31, 2022.

Tax Aspects Under the Code

The following is a summary of the principal federal income tax consequences of certain transactions under the Amended and Restated Plan. It does not describe all federal tax consequences under the Amended and Restated Plan, nor does it describe state or local tax consequences.

Incentive Stock Options. No taxable income is generally realized by the optionee upon the grant or exercise of an incentive stock option. If shares of common stock issued to an optionee pursuant to the exercise of an incentive stock option are sold or transferred after two years from the date of grant and after one year from the date of exercise, then (i) upon sale of such shares, any amount realized in excess of the option exercise price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) the Company will not be entitled to any deduction for federal income tax purposes. The exercise of an incentive stock option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee.

If shares of common stock acquired upon the exercise of an incentive stock option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a “disqualifying disposition”), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option exercise price thereof, and (ii) we will be entitled to deduct such amount. Special rules will apply where all or a portion of the exercise price of the incentive stock option is paid by tendering shares of common stock.

If an incentive stock option is exercised at a time when it no longer qualifies for the tax treatment described above, the stock option is treated as a non-qualified stock option. Generally, an incentive stock option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reason of disability). In the case of termination of employment by reason of death, the three-month rule does not apply.

Non-Qualified Stock Options. No income is realized by the optionee at the time the non-qualified stock option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option exercise price and the fair market value of the shares of common stock on the date of exercise, and we receive a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held. Special rules will apply where all or a portion of the exercise price of the non-qualified option is paid by tendering shares of common stock. Upon exercise, the optionee will also be subject to Social Security taxes on the excess of the fair market value over the exercise price of the stock option.

Stock Appreciation Rights. No income will be recognized by a recipient upon the grant of either tandem or freestanding stock appreciation rights. For the year in which the stock appreciation right is exercised, the recipient will generally be taxed at ordinary income rates on the amount equal to the cash received plus the fair market value of any unrestricted shares received on the exercise.

Restricted Stock Awards. The recipient of a restricted stock award will generally be taxed at ordinary income rates on the fair market value of the restricted shares (reduced by any amount paid by the recipient for such restricted shares) at such time as the shares are no longer subject to restrictions. However, a recipient may elect under Section 83(b) of the Code (the election must be filed with the IRS within 30 days of the grant date) to be taxed at ordinary income rates on the difference between: (i) the fair market value of such shares of the Company's common stock on the grant date, and (ii) the purchase price, if any, of the shares. If a Section 83(b) election has not been made, dividends received with respect to restricted shares will generally be taxed as ordinary income to the recipient. If a Section 83(b) election has been made, dividends will be taxed at dividend rates.

Restricted Stock Units. The recipient of a restricted stock unit will generally be taxed at ordinary income rates on the fair market value of the shares of the Company's common stock awarded on the transfer date (reduced by any amount paid by the recipient for such shares). The capital gains/loss holding period for such shares will also commence on such date.

Unrestricted Stock Awards. The recipient of an unrestricted stock award will generally be taxed at ordinary income rates on the difference between: (i) the fair market value of the shares of the Company's common stock on the grant date, and (ii) the purchase price, if any, of the shares.

Cash-Based Awards. The recipient will generally be taxed at ordinary income rates on the amount equal to the cash received.

Dividend Equivalent Rights. There are generally no Federal income tax consequences to the recipient or the Company on the grant of a dividend equivalent right. When the dividend equivalent right is converted to cash and/or additional shares of common stock and distributed to the recipient of a dividend equivalent right, the cash or the fair market value of the shares of common stock will be taxable to the recipient as ordinary income and the Company will be entitled to a corresponding deduction for tax purposes.

Parachute Payments. The vesting of any portion of an option or other award that is accelerated due to the occurrence of a change in control (such as a sale event) may cause a portion of the payments with respect to such accelerated awards to be treated as “parachute payments” as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on Deductions. Under Section 162(m) of the Code, the Company's deduction for awards under the Amended and Restated Plan may be limited to the extent that any "covered employee" (as defined in Section 162(m) of the Code) receives compensation in excess of \$1 million a year.

(1) The shares of Company common stock underlying any awards that are forfeited, cancelled, held back upon exercise or settlement of an award to satisfy the exercise price or tax withholding, reacquired by us prior to vesting, satisfied without the issuance of stock, expired or are otherwise terminated (other than by exercise), under the Company's 2020 Stock Plan and 2011 Stock Plan will be added back to the shares of stock available for issuance under the Company's 2020 Stock Plan. The Company no longer makes grants under the 2006 Stock Plan, the 2009 Stock Plan or the 2010 Restricted Stock Units Plan and there are no outstanding awards thereunder.

(2) Excludes 2,794,395 shares subject to RSUs outstanding as of July 31, 2022, as such shares have no exercise price.

Recommendation

Our Board has unanimously determined that it is in the best interests of the Company and our stockholders to amend and restate the 2020 Stock Plan in order to increase the number shares of our common stock available for issuance by 1,780,000 shares, for the granting of awards under compensatory arrangements and incentives permitted thereunder. Therefore, our Board has unanimously approved the proposed Amended and Restated 2020 Stock Plan and recommends that our stockholders vote "FOR" the amendment and restatement of our 2020 Stock Plan to permit such share increase.

Vote Required for Approval

The affirmative vote of a majority of shares represented and entitled to vote at the annual meeting is required for the approval of the Amended and Restated Plan.

To that end, during the past year, our management reviewed our corporate governance policies and practices to ensure that they remain consistent with the requirements of the Sarbanes-Oxley Act of 2002 (the "Sarbanes-Oxley Act"), SEC rules, and the listing standards of the New York Stock Exchange ("NYSE").

Besides verifying the independence of the members of our Board and committees (which is discussed in the section titled "Independence of the Board" below), at the direction of our Board, we also:

- Periodically review and make necessary changes to the charters for our audit, compensation, nominating and corporate governance, and risk committees;
- Have established disclosures control policies and procedures in accordance with the requirements of the Sarbanes-Oxley Act and the rules and regulations of the SEC;
- Have a procedure for receipt and treatment of anonymous and confidential complaints or concerns regarding audit or accounting matters; and
- Have a code of business conduct and ethics that applies to our officers, directors, and employees.

In addition, we have adopted a set of corporate governance guidelines. The NCG Committee is responsible for reviewing our corporate governance guidelines from time to time and reporting and making recommendations to the Board concerning corporate governance matters. Our corporate governance guidelines address such matters as:

- Director Independence – Independent directors must constitute at least a majority of our Board;
- Monitoring Board Effectiveness – Our Board must conduct an annual self-evaluation of the Board and its committees;
- Chairman of the Board – The roles and responsibilities of the Chairman of the Board are generally described in our corporate governance guidelines, as described under the section titled, "Chairman of the Board" below;
- Lead Independent Director – The roles and responsibilities of the Lead Independent Director are generally described in our corporate governance guidelines, as described under the section titled, "Lead Independent Director" below;
- Executive Sessions of Directors – The Chairman of the Board regularly leads meetings among non-employee directors without management present and the Lead Independent Director regularly leads meetings among the independent directors;
- Board Access to Independent Advisors – Our Board as a whole, and each of its committees separately, have authority to retain independent consultants, counselors, or advisors as each deems necessary or appropriate;
- Board Committees – All members of the audit, compensation, and nominating and corporate governance committees are independent in accordance with applicable NYSE criteria; and
- External Programs – We make director education program information available to our Board regularly, encourage them to attend director education programs, and reimburse the costs of attending such programs.

Copies of our corporate governance guidelines, code of business conduct and ethics, and committee charters can be found on our website at www.guidewire.com under "About/Investor Relations/Corporate Governance."

Meetings of the Board

Our Board held seven meetings in fiscal year 2022. During fiscal year 2022, each director attended at least 75% of all meetings held of the Board and the committees on which he or she served at the time. Under our corporate governance guidelines,

directors are expected to be active and engaged in discharging their duties and to keep themselves informed about our business and operations.

Listening to Our Stockholders

Our Board welcomes feedback from stockholders on our governance practices and policies, board composition, executive compensation framework, and other matters related to our strategy and performance. During 2021, we continued our ongoing outreach efforts and received valuable feedback from stockholders, as further discussed in the *Compensation Discussion and Analysis* section provided herein. As a result of these discussions, the Board has committed to amending our bylaws and proposing an amendment to our certificate of incorporation at our 2022 annual meeting of stockholders that would permit stockholders holding 20% or more of our outstanding common stock to call a special meeting of stockholders.

Stockholder Communications with the Board

Stockholders and other parties may communicate directly with the Board by writing to: Board of Directors, c/o Guidewire Software, Inc., 2850 South Delaware St., Suite 400, San Mateo, California 94403. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of our Audit Committee and handled in accordance with applicable procedures established by the Audit Committee.

For a stockholder communication directed to an individual director in his or her capacity as a member of our Board, to our Chairman of the Board, or our Lead Independent Director, stockholders and other parties interested in communicating directly with such director may do so by writing to: Board of Directors, c/o Guidewire Software, Inc., 2850 South Delaware St., Suite 400, San Mateo, California 94403, Attention: [Name of Individual Director].

Our General Counsel, in consultation with members of our Board as necessary, will review all incoming communications and, if appropriate, all such communications will be forwarded to the relevant member or members of our Board, or if none is specified, to our Chairman of the Board.

Code of Business Conduct and Ethics

We have adopted a code of business conduct and ethics that applies to all of our directors, officers, and employees, including our CEO, principal financial officer, and principal accounting officer. During fiscal year 2022, no waivers were granted from any provision of the code of business conduct and ethics.

A copy of our code of business conduct and ethics is available on our website at www.guidewire.com under "About/Investor Relations/Corporate Governance" and may also be obtained without charge by contacting our Secretary at Guidewire Software, Inc., 2850 S. Delaware St., Suite 400, San Mateo, California 94403. We intend to post any amendments to or waivers of our code of business conduct and ethics (to the extent applicable to our CEO, principal financial officer, or principal accounting officer) on our website.

Independence of the Board

Consistent with our corporate governance guidelines and NYSE rules, our Board has determined that, as of the date of this proxy statement, seven out of the nine members of our Board are "independent," the two non-independent members being Mike Rosenbaum, our CEO, and Marcus S. Ryu, our former President and CEO. In addition, all members of the Audit, Compensation, and NCG committees satisfy such independence criteria.

Structure of the Board

The positions of CEO and Chairman of the Board are separated. Our Board believes that separating these roles provides the right foundation to pursue strategic and operational objectives while maintaining effective oversight and objective evaluation of corporate performance. Our Chairman of the Board is Marcus Ryu, who is not currently independent, based on his prior service as a Company executive. Our Board has appointed Paul Lavin as our Lead Independent Director. We believe having a Lead Independent Director is an important governance practice given that the Chairman of the Board, Mr. Ryu, is not currently an independent director. This structure optimizes the roles of CEO, Chairman of the Board, and Lead Independent Director and provides us with sound corporate governance in the management of our business.

We also have a Lead Customer Advocate, Michael C. Keller, who knows the insurance industry well, to interact with and advocate on the behalf of our customers.

Chairman of the Board

The duties of the Chairman of the Board include: (i) collaborating with the CEO on the Company's strategy, product roadmap, management organization, acquisitions, and legal matters, (ii) reviewing meeting agendas of the Board in consultation with the CEO, (iii) presiding over meetings of the Board, (iv) approving meeting schedules to ensure that there is sufficient time for discussion of all items, (v) serving as a liaison between our CEO and our Board, and (vi) leading the Board's annual evaluation process of the CEO.

Lead Independent Director

Our lead independent director is Paul Lavin. The duties of the Lead Independent Director include (i) chairing executive sessions of independent directors, (ii) presiding over meetings of the Board in the Chairman of the Board's absence, (iii) serving as liaison between the Chairman of the Board and the independent directors, (iv) approving meeting agendas for our Board (created by the CEO and Chairman of the Board), and ensuring there is sufficient time for discussion of all agenda items, (v) providing input on the amount and type of information shared with our Board (the Chairman of the Board and CEO are responsible for determining and gathering such information), (vi) having authority to call meetings of the independent directors, and (vii) if requested by major stockholders, ensuring that he or she is available for consultation and direct communication.

Lead Customer Advocate

Our lead customer advocate is Michael C. Keller. The duties of the Lead Customer Advocate include (i) serving as a representative and liaison for any requested interactions between our Board and our customers, (ii) overseeing and advising management on the development of customer engagement strategies, (iii) participating as a representative of our Board at customer-focused events, including the annual user conference, and leadership symposiums, and (iv) acting as sponsor for the Guidewire Strategic Customer Advisory Council including planning and attending meetings, assisting with follow up, and maintaining relationships with customer members.

Executive Sessions

The Board regularly holds executive sessions without the presence of executive management. The sessions are scheduled and led by our Chairman of the Board. We also regularly hold sessions of our independent directors led by our Lead Independent Director. Any director can request additional executive session(s) be scheduled.

Director Attendance at Annual Stockholder Meetings

Directors are encouraged, but not required, to attend our annual meeting of stockholders. Seven of the eight directors serving as of December 14, 2021 attended the 2021 annual meeting of stockholders.

Board's Role in Risk Oversight

Our Board has overall responsibility for our risk oversight with a focus on the most significant risks. The Board's risk oversight process builds upon management's risk assessment and mitigation processes. Our enterprise risk management program is overseen by our Audit Committee, general counsel, chief financial officer, chief operating officer, and vice president of enterprise risk management and internal audit. Individual risks are identified and prioritized based on their overall significance to the organization in the context of likelihood and impact. The most significant risks are then identified to the Board and each significant risk is individually evaluated, including a review of mitigating activities related to such risk and a discussion is undertaken between the Board and management. The management team communicates regularly with the Board, including the Audit and Risk Committees, regarding management's ongoing enterprise risk management assessments. Our Board also receives committee reports from each of the standing committees of the Board periodically to assist it in overseeing the Company's enterprise risk management. In addition, the Risk Committee assists our Board in its oversight of key risks, including risks related to operations, business continuity, information security, and data management and privacy. The Risk Committee also assists our Board in oversight of guidelines, policies, and processes for monitoring and mitigating such key risks. The Board also considers and discusses with management the processes in place relating to enterprise risk management and any potential changes to be made to such processes going forward. Additional review or reporting of enterprise risks is conducted as needed or as requested by the Board or any of its committees.

Compensation Plans Risk Assessment

As part of its oversight function, our Board and our Compensation Committee in particular, along with our management team, considers potential risks when reviewing and approving various compensation plans, including executive compensation. Based on this review, our Compensation Committee has concluded that such compensation plans, including executive compensation, do not encourage risk taking to a degree that is reasonably likely to have a materially adverse impact on us or our operations.

Whistleblower Procedures

In accordance with the Sarbanes-Oxley Act, we have established procedures for the receipt, retention, and treatment of complaints regarding accounting, internal accounting controls, or auditing matters and for the confidential, anonymous submission of concerns regarding accounting or auditing matters. If an individual has a concern regarding questionable accounting, internal accounting controls, or auditing matters, or the reporting of fraudulent financial information, such individual may report his or her concern by sending a letter (which may be anonymous at the discretion of the reporting person) to us at our principal executive offices to the attention of the general counsel and to the chair of the Audit Committee. Individual employees may also report their concerns by telephone or online (which may be anonymous at the discretion of the reporting person) by using our ethics reporting system accessible through our dedicated reporting website. Such complaints received by telephone or via online reporting system are promptly sent to the general counsel and to the chair of the Audit Committee.

Committees of the Board

Our Board uses committees to work on certain issues in more detail than would be reasonable at a meeting of the full Board. Each committee reviews the progress and results of its meetings with the full Board and makes recommendations to our Board as and when appropriate. Our Board presently has four standing committees: an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee, and a Risk Committee. Each of the four standing committees of our Board described below operates pursuant to a written committee charter that is available to stockholders on our website at www.guidewire.com under "About/Investor Relations/Corporate Governance."

A summary of our committee structure and membership information of each of our directors as of the date of this proxy statement is available at page i above.

Consideration of Director Nominees

Stockholder Nominees. Our amended and restated bylaws permit stockholders to nominate directors for consideration at our annual stockholder meeting. For a description of this process, see the section titled "Questions and Answers About the Annual Meeting, the Proxy Materials and Voting Your Shares - How can stockholders submit a proposal for inclusion in our proxy statement for the 2023 annual meeting?" above. If any materials are provided by a stockholder in connection with the nomination of a director candidate, such materials are forwarded to the NCG Committee. The NCG Committee's policy is to consider properly submitted stockholder nominations. In evaluating all director nominations, the NCG Committee seeks to balance an individual's

knowledge, experience and capabilities and compliance with the membership criteria set forth below under the section titled “*Director Qualifications.*”

Director Qualifications. Our corporate governance guidelines apply membership criteria to nominees recommended by the NCG Committee for a position on our Board. These include judgment, diversity, skills, background, and experience in light of our Board’s present composition and the current challenges and needs of our Board and its committees. The NCG Committee also takes into account the independence, financial literacy, and financial expertise standards required under our corporate governance guidelines and committees’ charters and applicable laws and regulations, and the ability of the candidate, in light of the candidate’s present activities and our corporate governance guidelines, to devote the necessary time and attention to serving as a director and a committee member. Each director must represent the interests of all stockholders. While we take into account diversity of background, experience, knowledge, and abilities and are committed to diversity, we do not have a formal policy that requires nominees to meet specific criteria.

Identifying and Evaluating Nominees for Directors. The NCG Committee utilizes a variety of methods to identify and evaluate director nominees. The NCG Committee plans to assess the appropriate size of our Board from time to time and whether any vacancies are expected. In the event that vacancies are anticipated or otherwise arise, the NCG Committee decides whether to fill such vacancies and, if so, considers various potential candidates. Candidates may come to the attention of the NCG Committee through current Board members, professional search firms engaged by the NCG Committee, stockholders, or others. These candidates may be evaluated at meetings of the NCG Committee and may be considered at any point during the year.

Succession Planning

Our CEO works with the NCG Committee and the Board on a regular basis to ensure there is a current and effective plan of succession and development for the CEO and the executive management team. Our Board believes that the directors and the CEO should collaborate on management succession planning and that the entire Board should be involved in the critical aspects of the succession planning process for our CEO, including establishing selection criteria that reflect our business strategies, identifying and evaluating potential internal candidates, and making key management succession decisions. Management succession is regularly discussed by the directors in meetings of the Board and in executive sessions of the Board. In addition, the Board annually reviews the Company’s leadership pipeline, talent strategies including succession, and plans for key positions. Directors also become familiar with potential successors for key positions through various other means, including presentations and informal meetings.

Corporate Sustainability and Environmental, Social, and Governance Matters

Our Consideration of Corporate Sustainability

Our Board and executive leadership team (“ELT”) recognize the importance of solid governance, environmental stewardship, and social responsibility to our long-term business growth and value creation. We review and consider sustainable business practices and are implementing processes in our operations to manage ESG matters relevant to our business over time.

We are pleased to have issued our inaugural Environmental, Social, and Governance Report in October 2022. For more information, please visit www.guidewire.com under “About/Corporate Sustainability.” The contents of this report and other information available on our website are not incorporated in this proxy statement.

Governance of ESG

While our entire Board engages on ESG matters that impact our business, it has assigned primary responsibility to specific Board committees to oversee ESG risks and strategy in areas such as the environment, data security, diversity, equity, and inclusion (“DEI”), corporate citizenship and risk management.

- The **NCG Committee**, in accordance with its charter, exercises oversight of our ESG efforts, including monitoring our approach, reviewing our citizenship and sustainability initiatives and targets, and assessing the impact of our operations and business practices. The NCG Committee is responsible for periodically reporting to our Board with regard to our ESG programs, including potential long- and short-term trends and the impact of ESG issues on our business.
- The **Audit Committee** is responsible for reviewing with management at least annually the type and presentation of our key ESG disclosures and the adequacy and effectiveness of applicable internal controls related to such disclosures.
- The **Compensation Committee** is tasked with considering our ESG efforts when evaluating executive compensation, evaluating the impact of ESG matters on executive officer and employee performance, and reviewing and discussing with management our compensation initiatives, policies and disclosures with respect to ESG matters as well as reviewing with

management our human capital management activities, which include, among other things, matters relating to talent management and development, talent acquisition, employee engagement, and DEI.

- The **Risk Committee** reviews and assists with oversight of our key risk exposures, including those related to operations, business continuity, information security, and data management and privacy.

More information on the committees' charters can be found on our website at www.guidewire.com under "About/Investor Relations/Corporate Governance."

Our CEO and ELT are responsible for our overall ESG strategic performance and appropriate structures to manage ESG across our business. We have appointed a Head of ESG, a seasoned company executive responsible for leading our integrated strategy and engaging with cross-functional teams and business leaders with the goal of appropriate alignment and management of our ESG initiatives. Additionally, we launched a management-level ESG Task Force in June 2021, led by our Head of ESG, that is comprised of leaders representing a broad cross-section within our business, including Finance, Investor Relations, Customer Success, People/DEI, Legal/Compliance, Enterprise Risk Management, and Information Security. This cross-functional group is responsible for our overall ESG program's strategic performance, including the creation and support of appropriate structures to manage ESG across the business. The NCG Committee exercises primary oversight for our overall ESG program's strategic development, implementation, and monitoring initiatives. Our ESG Task Force meets at least quarterly, advises on ESG disclosures, and provides periodic updates to the NCG Committee and ELT.

Responsible Business Practices

We believe that governance and responsible business practices strengthen our long-term success through our core value of integrity, contributing to a strong foundation for our ESG program. We shape this core value into action through our policies and procedures.

Governance, Trust, and Integrity

Our Board oversees the implementation of responsible practices consistent with the evolving governance environment. The NCG Committee is responsible for reviewing our corporate governance guidelines from time to time and reporting and making recommendations to our Board concerning corporate governance matters. We have adopted a Code of Business Conduct and Ethics that applies to all of our directors, officers, and employees, including our CEO, principal financial officer, and principal accounting officer. We currently are not a politically active organization, and we do not contribute to political campaigns or participate in lobbying efforts. Copies of our Corporate Governance Guidelines and Code of Business Conduct and Ethics can be found on our website at www.guidewire.com under "About/Investor Relations/Corporate Governance."

Information Security and Data Privacy

Our Board maintains oversight of our security program through its Risk Committee, including any associated guidelines, policies, and processes for monitoring and mitigating risks related to information security.

Led by our Chief Information Security Officer and Chief Information Officer, as well as our Privacy, Information Security and Business Technology teams, we are embracing a security- and privacy-first mindset as we continue to grow our teams and invest in the infrastructure, personnel, best practices, and policies required to secure and protect the data entrusted to us.

We maintain our ISO 27001 certification and undergo periodic SOC 2 audits to protect and assess our security programs, including the use of third-party information security standards such as the National Institute of Standards and Technology Cybersecurity Framework and the Zero-Trust Architecture. We also commit to transparent privacy principles in our Privacy Policy, including not sharing or selling customer data for marketing, advertising, or other commercial purposes.

We outsource our data center needs to a third-party provider, utilizing cloud-based platforms and leveraging physical and data security infrastructure. The provider is required to comply with our third-party vendor and security protocols, in addition to all applicable data privacy laws.

Business Continuity and Disaster Recovery

The Risk Committee assists our Board in its oversight of specific risks related to our operations and business continuity. For additional information, please see the discussion of our Board's Role in Risk Oversight within this proxy statement.

Human Capital and Social Impact

Our Board oversees our human capital management through its Compensation Committee's consideration and discussion with our executives on the tone and culture within the company. Additionally, the NCG Committee also reviews with our executives the

impacts to our business operations and business practices with respect to issues such as DEI, corporate citizenship, and community involvement.

Attracting, Developing, and Retaining Employees

Understanding and anticipating the priorities and needs of our current and future employees is important to realizing our mission to be the platform insurers trust to engage, innovate, and grow efficiently. Our recruiting, development, and retention objectives focus on attracting skilled and engaged employees who contribute the talent and diverse perspectives critical to our innovative, forward-looking, and inclusive workforce. Our flexible work policies expand our ability to hire and retain talent in geographies where we do not have physical offices. Fostering career progression by encouraging regular professional education empowers our employees to pursue their professional goals, which is critical to developing and retaining our employees.

Our current benefit and wellness programs are designed to drive engagement that positively impacts our culture, job satisfaction, recruiting, and retention. In response to the COVID-19 pandemic, we expanded our physical, mental, and family health programs and informational outreach. We also seek to continue to improve our employee experience through professional development opportunities and personal empowerment, and fair compensation and benefits.

Diversity, Equity, and Inclusion

We strive to create an environment that is inclusive and embraces diversity across our global workforce and appointed a Global Head of DEI in December 2020. Our DEI program consists of policies, processes, and metrics that align and drive our DEI strategy and long-term success and is built upon three key pillars: establishing inclusive practices, building inclusive partnerships, and providing education and resources.

Since fiscal year 2021, we have established several initiatives to achieve the goal of building inclusion and belonging into our company culture, where diversity is valued and harnessed so that our employees can contribute their best work. We have broadened the scope of our talent attraction and hiring process to identify more diverse candidates, with the goal of creating a more diverse global workforce over time. We have established Employee Resource Groups (“ERGs”), employee-led groups of volunteer individuals with common interests, experiences, backgrounds or demographics such as race/ethnicity, gender, sexual orientation, military status, religion, abilities, and age. We established four ERGs in fiscal year 2021 and added two ERGs in fiscal year 2022.

Community Support and Outreach

In fiscal year 2022, we re-launched our Guidewire Gives Back (“GGB”) program focused on investing in local communities where we operate by encouraging employee volunteerism, philanthropy, and social impact investment. The GGB program is centered around employee engagement and community impact through volunteer hours from the Guidewire community and financial donations, both of which are geared toward making a measurable difference. The GGB strategy, programs, and collaborative partnerships reflect employees’ passions and embody Guidewire’s corporate mission as well as our customers’ purposes.

Environmental Sustainability

Our Board oversees our environmental stewardship through the responsibilities of the NCG Committee, which periodically reviews with our executives the environmental considerations of our business practices, and reports to our Board on a periodic basis environmental long- and short-term trends and their potential business impact.

We continue to identify possible strategies to reduce our global environmental footprint. As a global company with more than 20 offices around the world, we are working towards reducing waste and energy consumption, measuring and reducing our emissions, and looking towards optimizing the performance of our buildings through incorporating green building standards in office design, construction and operation as part of our overall efforts with respect to corporate sustainability.

In fiscal year 2020, we formed a greenhouse gas (“GHG”) emissions baseline from which we intend to establish future goals. In order to limit our carbon footprint, we outsource portions of our operations such as our data centers to third-party data center solutions hosted on cloud-based platforms, which we believe leverage economies-of-scale to reduce carbon emissions and electricity usage. For example, in fiscal year 2022, we exited certain of our data center co-location facilities and transitioned to running our operations on AWS.

Information Regarding Compensation of Directors and Executive Officers

Director Compensation

We believe that a combination of cash and equity compensation is appropriate to attract and retain the individuals we desire to serve on our Board and that this approach is comparable to the policies of our peers. More specifically, our cash compensation policies are designed to encourage frequent and active interaction between our directors and our executives, both during and between formal meetings, as well as to compensate our directors for their time and effort. Further, we believe that it is important to align the long-term interests of our non-employee directors with those of the Company and its stockholders and that awarding equity compensation to, and thereby increasing ownership of our common stock by, our non-employee directors is an appropriate means to achieve this alignment.

The Compensation Committee reviews non-employee director compensation approximately every year, to determine the appropriate compensation for service on the Board. The Compensation Committee last reviewed non-employee director compensation in November 2021. In doing so, the Compensation Committee reviewed and considered a peer group study prepared by its executive compensation advisor, Aon Human Capital Solutions, a division of Aon plc ("Aon"). The Compensation Committee did not strictly target any specific levels of pay, and instead, used the comparative market data provided by Aon as an important reference point in its decision-making process. Based on its review, for fiscal year 2022, the Compensation Committee recommended, and our Board agreed, to not make any changes to our non-employee director compensation from fiscal year 2021, other than to decrease the annual Risk Committee Chair retainer from \$25,000 to \$20,000 and to increase the annual Risk Committee Member (non-Chair) retainer from \$7,500 to \$10,000.

Our non-employee directors receive an annual cash retainer for Board service in addition to equity compensation, as set forth in further detail in the table below. Our non-employee directors do not receive fringe or other benefits. Directors who are also one of our employees are not entitled to additional compensation for serving as a director.

Position	Annual Cash Retainer (\$) ⁽¹⁾	Equity Compensation (\$) ⁽²⁾
Board Membership	50,000	Initial grant of restricted stock units ("RSUs") with a value of \$200,000 (pro-rated) and annual grant of RSUs with a value of \$200,000

(1) The annual cash retainers are payable in quarterly installments and pro-rated based on number of days served.

(2) The RSU grants vest on the one-year anniversary of the grant date. However, if the non-employee director's service ends at the next annual meeting of stockholders and such meeting occurs before the one-year anniversary of the grant date, the RSU shall be fully vested on the date of such annual meeting. All RSU grants held by non-employee directors will fully vest upon a sale of the Company.

The table below shows the compensation received or earned by each of our non-employee directors during fiscal year 2022. Of our directors during fiscal year 2022, Mike Rosenbaum was an employee and did not receive any additional compensation for his service as our director during this time. Mr. Rosenbaum was a named executive officer for fiscal year 2022 and information regarding his compensation for such year is presented below in the “Summary Compensation Table.”

David Bauer was appointed as a member of our Board effective October 1, 2022 and his initial term will run through our 2022 annual meeting of stockholders. Upon appointment, Mr. Bauer received a pro-rated initial grant of RSUs and is entitled to cash compensation for his services as described under “Director Compensation” above.

Stock Ownership Guidelines

We have adopted stock ownership guidelines that are applicable to non-employee directors. Prior to March 2021, the stock ownership guidelines required each non-employee director to own shares of our common stock equal to at least three times his or her annual cash retainer, by the first July 31st that occurred following the three-year anniversary of his or her initial election to our Board (the “Prior Requirement”). To increase the alignment between the interests of our non-employee directors and our stockholders and to enhance our commitment to sound corporate governance, effective as of March 2021, we amended our stock ownership guidelines to require each non-employee director to own shares of our common stock equal to at least five times his or her annual cash retainer, by the first July 31st that occurs following the three-year anniversary of his or her initial election to our Board or, if later, July 31, 2023. Only shares of our common stock that are owned or held in the following forms will be considered in determining whether each non-employee director has met the stock ownership requirement: (i) shares owned directly by the non-employee director; (ii) shares “beneficially owned” by the non-employee director that are held in a grantor trust (or similar instrument) for the benefit of the non-employee director and/or his or her immediate family members, but only to the extent that the non-employee director has the power to vote and dispose of such shares; and/or (iii) shares representing the aggregate net value of vested and unexercised in-the-money options. Shares of our common stock underlying unvested options, unvested RSUs, unvested performance-based RSUs and other unvested equity awards will not be considered when determining whether a non-employee director has met the stock ownership requirement. Non-employee directors who were members of the

Board as of March 9, 2021 will continue to be subject to the Prior Requirement until July 31, 2023. As of July 31, 2022, all of our non-employee directors who have served for three or more years have satisfied the ownership requirements.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2022, none of our executive officers served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of our board of directors or compensation committee.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis provides information about the material components of our executive compensation program for:

Name	Positions Held with the Company
Mike Rosenbaum	Chief Executive Officer
Jeff Cooper	Chief Financial Officer
John Mullen	President and Chief Revenue Officer
Priscilla Hung	President and Chief Operating Officer
Winston King	Chief Administrative Officer, General Counsel, and Secretary
Frank O'Dowd	Former Chief Sales Officer

We refer to these executive officers collectively in this Compensation Discussion and Analysis and the related compensation tables as the "Named Executive Officers ("NEOs")."

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program, and each element of compensation that we provide. In addition, we explain how and why the Compensation Committee arrived at the specific compensation policies and decisions involving our NEOs during fiscal year 2022.

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation plans and arrangements. The actual compensation plans and arrangements that we adopt may differ materially from currently anticipated plans and arrangements as summarized in this Compensation Discussion and Analysis.

Executive Compensation Philosophy and Objectives

We operate in a highly competitive business environment, which is characterized by frequent technological advances, rapidly changing market requirements and the emergence of new market entrants. To succeed in this environment, we need to attract and retain a highly talented and seasoned team of technical, sales, marketing, operations, and other business professionals.

We compete with many other companies in seeking to attract and retain a skilled management team. To meet this challenge, we have embraced a compensation philosophy of offering our executive officers compensation and benefit packages that are fair and reasonable, are competitive within our market, are focused on long-term value creation, and reward the achievement of our strategic, financial, and operational objectives.

Accordingly, we have oriented our executive compensation program to observe the following basic principles and objectives:

- provide total compensation opportunities that enable us to recruit and retain executive officers with the experience and skills to manage our growth and lead us to the next stage of development;
- provide total compensation opportunities that are consistent with our business goals;
- provide cash compensation that is market-based and, in the case of cash-based incentives, establish a direct and meaningful link between business results, individual performance, and rewards;
- provide equity-based compensation that enables our executive officers to share in our financial results and that establish a clear alignment between their interests and the interests of our stockholders;
- provide a core level of welfare and other benefits; and
- maintain compensation policies and practices that reinforce a culture of ownership, excellence, and responsiveness.

Compensation Program Design

For fiscal year 2022, the compensation of our executive officers, including the NEOs, has consisted of base salary, a cash bonus opportunity, and equity compensation in the form of RSUs subject to performance-based vesting conditions tied to corporate financial and operational metrics ("Performance-Vesting RSUs") and RSUs subject to time-based vesting conditions ("Time-Vesting RSUs"). Of these components, only base salary is fixed while the other components are variable based on the performance of both the Company and the individual executive officer, measured against specific objectives that are determined in advance.

The key component of our executive compensation program has been equity awards in the form of Performance-Vesting RSUs and Time-Vesting RSUs. We use equity-based awards as we deem appropriate to offer our employees, including our executive officers, long-term equity incentives that align their interests with the long-term interests of our stockholders.

We also have offered cash compensation in the form of base salaries, to reward individual contributions and compensate our executive officers for their day-to-day responsibilities, and annual cash bonuses, to drive and incentivize our executive officers to achieve our short-term strategic and operational objectives.

In addition to these elements of our executive compensation program, we also provide executive officers, including our NEOs, with certain other indirect benefits, including participation in certain post-employment compensation arrangements. For a description of these other features of our compensation program, please refer to the section below titled "*Executive Compensation Program Elements-Welfare and Other Benefits*" and "*Executive Agreements and Termination of Employment Arrangements*."

We evaluate our philosophy and compensation programs as circumstances require, and at a minimum, we review executive compensation annually. As part of this review process, we apply our values and the objectives outlined above, while also considering whether our proposed compensation ensures that we remain competitive for talent, that we meet our retention objectives and that our cost of replacement for a key employee is reasonable.

Compensation-Setting Process

Role of the Compensation Committee

The Compensation Committee is responsible for overseeing our executive compensation program and for determining the compensation of our executive officers, including the NEOs. In addition, the Compensation Committee provides strategic direction to management regarding the overall corporate compensation philosophy. The Compensation Committee operates pursuant to a written charter that has been approved by our Board.

Typically, in the first quarter of each fiscal year, the Compensation Committee reviews the compensation of our executive officers, decides whether to make any adjustments to their base salaries, designs an executive bonus plan, including the corporate performance measures and objectives to be used for purposes of determining their annual cash bonuses for the current fiscal year, and determines whether to approve any equity awards. In addition, at that time, the Compensation Committee evaluates the performance of the Company, as well as the individual performance of each executive officer, as applicable, to determine whether to pay cash bonuses for the previous fiscal year and, if so, the amount of any such bonuses.

In determining executive compensation for fiscal year 2022, the Compensation Committee reviewed and considered various market data presented by Aon, as well as our overall financial plan. The Compensation Committee did not strictly set compensation at a specific level of pay. Other factors considered in setting our executive compensation include individual performance, role and tenure. Accordingly, the comparative market data provided by Aon was one reference point and one factor, among others, in our compensation decision-making process.

The Compensation Committee has not delegated any of its authority with respect to executive compensation matters.

Role of Senior Management

Typically, the Compensation Committee seeks the input of our CEO when discussing the performance of and compensation for our executive officers, including the other NEOs other than the CEO. In this regard, our CEO reviews the performance of the other executive officers, including the other NEOs, annually and presents to the Compensation Committee his conclusions and other input as to their compensation, including base salary adjustments, cash bonus payouts, and equity awards. The Compensation Committee uses this input as one factor in its deliberations to determine the compensation of our executive officers.

While our CEO attends certain meetings of the Compensation Committee, the Compensation Committee meets outside the presence of our CEO when discussing his compensation and when discussing certain other matters. Decisions with respect to our CEO's compensation are made by the Compensation Committee and our Board.

The Compensation Committee also works with our CFO, our Chief People Officer, and our Chief Administrative Officer and General Counsel in evaluating the financial, accounting, tax, and retention implications of our executive compensation plans and arrangements.

Role of Compensation Consultant

The Compensation Committee is authorized to retain the services of one or more executive compensation advisors, as it sees fit, in connection with the oversight of our executive compensation program. For fiscal year 2022, the Compensation Committee engaged Aon to provide it with information, recommendations, and other advice relating to executive compensation. During fiscal year 2022, Aon performed the following projects for the Compensation Committee:

- reviewed our general compensation principles for fiscal year 2022;
- prepared an assessment of non-employee director compensation;
- prepared an assessment of our executive officers' total compensation, as well as each individual compensation component, including an analysis of cash compensation, equity compensation, and total direct compensation as compared to a composition of our peer group (described below);
- prepared an analysis of competitive market compensation practices for certain executive positions;
- assisted with the design of the overall equity program, including helping set grant levels for the Company as a whole;
- analyzed pay survey data;
- provided advice regarding best practices and compensation trends, including proxy advisory firms' evolving positions on executive pay; and
- performed a risk analysis of our compensation arrangements.

Aon served at the discretion of the Compensation Committee. The Compensation Committee assessed the independence of Aon pursuant to applicable SEC and NYSE rules and concluded that no conflict of interest exists that would prevent Aon from independently advising the Company.

Comparative Market Data

To assist the Compensation Committee during its annual review of the competitiveness of compensation levels and the appropriate mix of compensation elements to our executive officers, including our NEOs, Aon prepares comparative market data on compensation practices and programs as well as guidance on industry best practices. The Compensation Committee, with guidance from Aon and input from senior management, determines the composition of our peer group and reevaluates this group on an annual basis. The Compensation Committee determined that our peer group for determining the compensation of our NEOs in fiscal year 2022 in connection with our annual compensation review would consist of 19 public software companies in the San Francisco Bay Area and other technology "hubs" with revenue between \$400 million and \$2 billion, including high revenue growth companies, and market capitalization between \$4 billion and \$40 billion. At the time we determined our peer group for fiscal year 2022, our trailing 12-month revenue approximated the 44th percentile of the peer group and our 30-day average market capitalization approximated the 43rd percentile of the peer group. Below is a list of the companies in our peer group for fiscal year 2022:

Fiscal Year 2022 Peer Group Companies

Anaplan	Mandiant (formerly FireEye)	RingCentral, Inc.
ANSYS, Inc.	Manhattan Associates, Inc.	Splunk Inc.
Aspen Technology, Inc.	New Relic, Inc.	Tyler Technologies, Inc.
Cornerstone OnDemand, Inc.	Okta, Inc.	Veeva Systems, Inc.
Coupa Software Incorporated	Paylocity Holding Corporation	Zendesk, Inc.
Elastic	Proofpoint, Inc.	
HubSpot, Inc.	RealPage, Inc.	

The evaluation of the peer group generally occurs in March of each year. In March 2022, our Compensation Committee reassessed our peer group for use in setting our fiscal year 2023 executive compensation, and determined to base it on publicly traded software companies in the San Francisco Bay Area and other technology “hubs” with revenue between \$400 million and \$2 billion, including high revenue growth companies, and market capitalization between \$3 billion and \$30 billion. Our Compensation Committee removed four companies from the fiscal year 2022 peer group listed above (Cornerstone OnDemand, Mandiant, Proofpoint, and RealPage) because they ceased to be publicly traded or do not fit the established criteria and added two new companies (Dynatrace and Paycom Software) to the peer group so that the group contained a sufficient number of companies.

Consideration of Say-On-Pay Advisory Vote

At our December 14, 2021 annual meeting, we held a non-binding, advisory vote on the compensation of our NEOs (a “Say-on-Pay” vote), which received the support of approximately 98% of the votes cast. This was significantly higher than the support of approximately 57% of the votes cast in the previous year, which we attribute to our stockholder outreach campaign during fiscal year 2021 and fiscal year 2022. Our Board and Compensation Committee are encouraged by this level of stockholder support of our executive compensation program, and generally view this as an endorsement of our philosophy and how we have structured our compensation program. Given this level of stockholder support, the Compensation Committee concluded that our executive officer compensation program continues to align executive officer pay with stockholder interests and provides competitive pay that encourages retention and effectively incentivizes performance of talented executive officers. Accordingly, the Compensation Committee determined not to make any significant changes to our executive compensation program as a result of the Say-on-Pay Vote. In addition, consistent with the recommendation of our Board and the preference of our stockholders as reflected in the non-binding, advisory vote on the frequency of future Say-on-Pay votes held at our December 15, 2020 annual meeting, we intend to continue holding an annual Say-on-Pay vote.

We are committed to continuing our ongoing engagement with our stockholders on matters of executive compensation and corporate governance. As a result, we have continued to engage in a robust stockholder outreach program. In 2022, we reached out to our 25 largest institutional stockholders and key investors, with aggregate holdings of approximately 76% of our outstanding shares (as of June 30, 2022), to discuss our executive compensation and corporate governance programs and practices, and to solicit feedback and ensure that our Board and management have insight into the issues that are most important to our stockholders so that we can better understand our stockholders’ perspectives. While not all stockholders have accepted our invitation to engage as of November 7, 2022, we have held or otherwise scheduled these calls with all invited stockholders who indicated an interest in participating in our annual stockholder outreach program. Our calls with stockholders were initiated by our Chief Administrative Officer and General Counsel and our Vice President of Investors Relations, and included the Chairs of our Compensation Committee and NCG Committee.

During these discussions, and among many viewpoints shared, our stockholders expressed certain concerns as set forth in the following table. In connection with the Compensation Committee’s regular annual review process, our Board, the Compensation Committee, and the NCG Committee determined to take certain actions to address these concerns of our stockholders. The actions specifically taken by our Board, the Compensation Committee, and the NCG Committee included the following:

What We Heard During Our 2022 Outreach**What We Did in Response****Concerns expressed by our stockholders regarding the following:**

As a result of these stockholder discussions and through the Compensation Committee's regular annual review process, the Committee determined to take the following actions to address the stockholder concerns:

Stockholder dilution due to the Company's practice of granting equity awards across all levels of employees

On September 22, 2022, our Board approved a share repurchase program pursuant to which the Company may purchase up to \$400 million of our outstanding shares of common stock, and on September 28, 2022, we entered into an accelerated share repurchase agreement ("ASR") with Morgan Stanley & Co. LLC to repurchase, as part of the \$400 million share repurchase program, an aggregate of \$200 million of the Company's outstanding shares of our common stock. Under the terms of the ASR, the Company has already received an aggregate initial share delivery of 2,581,478 shares, and the remainder, if any, is anticipated to be delivered upon the final settlement of the ASR in the third quarter of fiscal year 2023.

In addition, beginning in fiscal year 2023, we implemented an equity choice program (entitled the MyChoice LTI Plan), whereby employees in professional or managerial roles (excluding senior executives such as our NEOs) who started prior to May 1, 2022 can choose to receive their annual refresh award entirely in the form of cash, entirely in form of RSUs, or in a mix of both (i.e., 50% in the form of RSUs and 50% in the form of cash). Whether an employee chooses RSUs, cash, or a mix of both, the award will generally vest quarterly over four years, subject to continued employment through each applicable vesting date. In order to receive RSUs, awards must be greater than \$10,000. As a consequence, for employees choosing a 50% RSU/50% cash split, the relevant award must have a value of \$20,000 or greater. For fiscal year 2023, 26% of participating employees opted to receive cash instead of RSUs, which reduced annual dilution by approximately 250,000 shares of our common stock.

Enhance ESG and DEI efforts and reporting

We continue to prioritize corporate sustainability, social responsibility, and diversity, equity and inclusion, and have continued to reinforce our commitment to ESG and DEI matters in fiscal year 2022 and fiscal year 2023. As a result, we have included ESG as a performance goal in our Bonus Plan. In addition, we have engaged in various ESG and DEI initiatives and have tasked certain Board committees to oversee such areas, as described above in this proxy statement under "Corporate Sustainability and Environmental, Social and Governance Matters." We have also published our first annual ESG and DEI reports, which are not incorporated herein by reference. We expect to continue to enhance our disclosure on ESG and DEI efforts on an ongoing basis in response to stockholder feedback.

In addition to these issues above, we also discussed with our stockholders the total compensation package made to our new Chief Revenue Officer, Mr. Mullen, and the necessity of such package to attract an executive of Mr. Mullen's caliber and talent. As a newly hired Chief Revenue Officer in fiscal year 2022, Mr. Mullen's total compensation package was structured to be in line with that of a new chief revenue/sales officer, taking into account his extensive experience in various senior leadership positions in the technology industry, the competitive market for similar positions at other comparable companies based on a review of our peer group and related survey data, his compensation arrangements at his prior position, including equity compensation valued at approximately \$7 million that he forfeited when he left his prior employer and was a consideration in any new position he would take, as well as his responsibilities at the Company as a chief revenue officer. However, we also discussed the steps that were taken for fiscal year 2023 to bring Mr. Mullen's total compensation in line with that of an existing chief revenue/sales officer in a comparable peer company, including reducing the size of his annual equity grant for fiscal year 2023. As a result, based on advice from Aon, Mr. Mullen's base salary and bonus target opportunity were not changed for fiscal year 2023 and the size of his equity grants for fiscal year 2023 were decreased from the size of his new hire equity grant by approximately \$10 million, and will be issued in a mix of time-based and performance-based RSUs (rather than all in the form of time-based RSUs as is the case for his new hire equity grant).

As our stockholders' views and market practices on executive compensation evolve, the Compensation Committee will continue to evaluate and, when needed, make changes to our executive compensation program, ensuring that the program continues to reflect our pay-for-performance compensation philosophy and objectives.

Furthermore, since we value the opinions of our stockholders, our Board and the Compensation Committee will continue to consider the feedback received throughout the year, including when making compensation decisions for our executive officers in the future.

Executive Compensation Program Elements

The following describes each element of our executive compensation program, the rationale for each and how compensation amounts and awards are determined.

Base Salary

We provide our executive officers, including the NEOs, with base salaries to compensate them for their day-to-day responsibilities. Generally, the initial base salaries of our executive officers are established through arm's-length negotiation at the time the individual executive officer is hired, taking into account his or her qualifications, experience, and comparable market data.

Thereafter, the Compensation Committee reviews and recommends adjustments, as necessary or appropriate, to the base salaries of our executive officers on an annual basis. In doing so, the Compensation Committee exercises its judgment and discretion and considers several factors, including our overall financial and operational results for the prior fiscal year, the performance of the individual executive officer, the executive officer's potential to contribute to our long-term strategic goals, her or his role and scope of responsibilities within our Company, her or his individual experience and skills, the officer's compensation as compared to similarly situated executives at comparable companies in our peer group, and the input of our CEO. No specific formula is applied to determine the weight of each criterion.

In September 2021, the Compensation Committee reviewed the base salaries of certain of our executive officers and management team, including the NEOs, and adjusted the base salaries for certain of our NEOs in view of their performance during fiscal year 2021. The Compensation Committee also took into account our peer group's base salaries for similarly situated executives as one factor in determining base salaries for our NEOs. The Compensation Committee approved increases to annual base salaries for fiscal year 2022 as follows:

Named Executive Officer	Fiscal Year 2021 Base Salary (\$)	Fiscal Year 2022 Base Salary* (\$)	Increase (%)
Mike Rosenbaum	750,000	750,000	—
Jeff Cooper	387,000	400,000	3.4
John Mullen	—	500,000 ⁽¹⁾	N/A
Priscilla Hung	405,000	425,000	4.9
Winston King	350,000	390,000	11.4
Frank O'Dowd	425,000	425,000	—

* All fiscal year 2022 base salaries first became effective on November 1, 2021.

- (1) Mr. Mullen's employment offer letter was negotiated on our behalf by our CEO. In establishing the compensation arrangements for Mr. Mullen, we took into consideration several factors, including (i) the requisite experience and skills that a qualified chief revenue/sales officer candidate for our Company would need to lead our sales, delivery services and customer success organizations in a dynamic and ever-changing environment, (ii) the competitive market for superior candidates at other comparable companies based on a review of competitive market data, including data drawn from the companies in our compensation peer group, various aspirational companies and selected compensation surveys, (iii) his then-current compensation at his prior employer, including the estimated amount of compensation he would forfeit by accepting employment with us, which included approximately \$7 million in equity compensation, (iv) the need to integrate our new chief revenue officer into our existing executive compensation structure, balancing both competitive and internal equity considerations as well as his existing compensation package and (v) the advice of Aon, our Compensation Committee's independent compensation consultant.

Senior Executive Incentive Bonus Plan

Our Senior Executive Incentive Bonus Plan (the "Bonus Plan") applies to certain key executives, including all the NEOs, as selected by the Compensation Committee. The Bonus Plan provides for bonus payments based upon the attainment of performance targets established by the Compensation Committee related to financial and operational metrics with respect to the Company and its subsidiaries (the "Performance Goals").

Any bonuses paid under the Bonus Plan are based upon objectively determinable bonus formulas that tie such bonuses to one or more performance targets relating to the Performance Goals. The bonus formulas are adopted in each annual performance period by the Compensation Committee and communicated to each executive officer. No bonuses shall be paid under the Bonus Plan unless and until the Compensation Committee makes a determination with respect to the attainment of the performance objectives. Notwithstanding the foregoing, we can adjust or pay bonuses under the Bonus Plan based on achievement of individual performance goals or pay bonuses (including, without limitation, discretionary bonuses) to executive officers under the Bonus Plan based upon such other terms and conditions as the Compensation Committee may in its discretion determine.

Each executive officer participating in the Bonus Plan has a targeted bonus opportunity set for each performance period. The Performance Goals will be measured at the end of each performance period after our financial reports have been published or such other appropriate time as the Compensation Committee determines. If the Performance Goals are met, payments will be made as soon as practicable following the end of each performance period. Subject to the rights contained in any agreement between the executive officer and the Company, an executive officer must be employed by the Company on the bonus payment date in order to be eligible to receive a bonus payment.

Target Bonus and Commission Opportunities

In September 2021, the Compensation Committee reviewed the target bonus and commission opportunities of our executive officers and management team, including the applicable NEOs, and adjusted target bonus and commission opportunities, as applicable, for each of our NEOs in view of their performance during fiscal year 2021 and considered several factors, including our peer group's short-term incentive bonus target opportunity for similarly situated executives, our Company's overall financial and operational results for the prior fiscal year, the performance of the individual executive officer, the executive officer's potential to contribute to our long-term strategic goals, his or her role and scope of responsibilities within our Company, his or her individual experience and skills, the Compensation Committee's sense of competitive market practices for annual bonuses and the recommendations of our CEO (for NEOs other than himself).

As a result, our Compensation Committee did not change the target bonus and commission opportunities for our NEOs for fiscal year 2022, except for Messrs. Cooper and King.

Named Executive Officer	Fiscal Year 2021 Target Bonus/Commission Opportunity (% of Base Salary)	Fiscal Year 2022 Target Bonus/Commission Opportunity (% of Base Salary)
Mike Rosenbaum	100	100
Jeff Cooper	60	75
John Mullen ⁽¹⁾	—	100
Priscilla Hung	75	75
Winston King	50	75
Frank O'Dowd ⁽²⁾	122	122

(1) Mr. Mullen was not eligible to earn a bonus or any commissions for fiscal year 2021, as he commenced employment with us in February 2022. Mr. Mullen's employment offer letter was negotiated on our behalf by our CEO. In establishing the compensation arrangements for Mr. Mullen, we took into consideration several factors, as described above under Executive Compensation Program Elements-Base Salary.

(2) Mr. O'Dowd left the Company on January 3, 2022 and was only eligible to receive commissions earned for FY22 through his separation date.

For our NEOs other than Mr. O'Dowd and Mr. Mullen, 100% of such executive officer's fiscal year 2022 bonus was based on our Company's performance during fiscal year 2022 as measured against the corporate financial and operational metrics described below (the "Company Performance Factor"). Pursuant to Mr. Mullen's offer letter, for fiscal year 2022, he was entitled to receive a

bonus amount equal to 50% of his base salary regardless of Company performance. For Mr. O'Dowd, 50% of his Bonus/Commission Opportunity was based on our Company's performance during fiscal year 2022 as measured against the corporate financial and operational metrics described below (the "Company Performance Factor") and 50% was based on the Sales Plan defined below. The Compensation Committee determined this allocation to be appropriate because it linked each executive officer's potential bonus opportunity to corporate performance, thereby motivating him or her to focus his or her efforts on successfully executing our annual operating plan. The formula for the bonus calculation was as follows:

Target Cash Bonus Opportunity X Company Performance Factor

Company Performance Factor

In fiscal year 2022, the bonuses of our executive officers, including the NEOs, who participated in our Bonus Plan were based on the performance of our Company during fiscal year 2022 as measured against the following pre-established corporate financial and operational metrics, which the Board deemed to be critical to enhancing stockholder value:

- Annual Recurring Revenue (ARR) on a constant currency basis (the goal of this metric is to maximize annual recurring revenue);
- Adjusted Non-GAAP Expenses (the goal of this metric is to manage spending in line with our budget); and
- Net Promoter Score (NPS)/Environmental, Social and Governance (ESG) Performance (the goal of this metric is to enhance efforts to achieve NPS and ESG goals).

The Adjusted Non-GAAP Expenses metric is a non-GAAP financial measure. Adjusted Non-GAAP Expenses is derived from GAAP cost of revenue and GAAP operating expense, and excludes stock-based compensation expense, amortization of acquired intangibles, acquisition consideration holdback, non-GAAP cost of services revenue, and corporate bonus accrual exceeding 100%. See Appendix A to this proxy statement for further details regarding the Adjusted Non-GAAP Expenses metric and the reconciliation of the metric to cost of revenue and operating expenses as reported for purposes of GAAP from the Company's audited financial statements.

For fiscal year 2022, we used Adjusted Non-GAAP Expenses and NPS/ESG as our corporate goals for the Bonus Plan instead of cash flow from operations due to the determination of the Compensation Committee that the Adjusted Non-GAAP Expenses metric was more appropriate for measuring profitability and aligning executive officer compensation with the Company's performance and that the NPS/ESG performance metric was appropriate for promoting our focus on NPS and ESG matters.

The threshold, target and maximum performance goals for each of these metrics were as follows in fiscal year 2022:

Metric ⁽¹⁾	Weighting	Threshold (50%) (\$)	Target (100%) (\$)	Maximum (150%) (\$)	Actual Performance (\$)
ARR ⁽²⁾	70%	634M	677M	700M	683M
Adjusted Non-GAAP Expenses	25%	583M	630M	677M	636M
NPS/ESG Performance	5%	—	5 ⁽³⁾	10	5

(1) Achievement (other than for NPS/ESG performance) was calculated on a straight-line basis from (i) the minimum to the target and (ii) from the target to the maximum. Achievement at the target was credited at 100%. Achievement below threshold results in 50% payout. Payout is capped at 150%; however, payout above 150% for ARR greater than \$700M is at the discretion of our Board.

(2) ARR is calculated on a constant currency basis per exchange rates at July 31, 2021.

(3) The payout range for the threshold and maximum was 0% – 10%, with target at 5%.

These metrics were determined at the beginning of fiscal year 2022.

Fiscal Year 2022 Bonus Decisions

After the conclusion of fiscal year 2022, the Compensation Committee evaluated our financial and operational performance for the fiscal year and determined that a Company Performance Factor of 114% was appropriate. Based on this determination, the Compensation Committee approved cash bonuses for the applicable NEOs as follows:

Named Executive Officer	Fiscal Year 2022 Target Bonus Opportunity (% of Base Salary)	Company Performance Factor (%)	Cash Bonus (\$)
Mike Rosenbaum	100	114	855,000
Jeff Cooper	75	114	329,084
John Mullen ⁽¹⁾	100	114	250,000
Priscilla Hung	75	114	360,518
Winston King	75	114	311,065
Frank O'Dowd ⁽²⁾	122	N/A	—

These bonuses to the NEOs for fiscal year 2022 were paid in fiscal year 2023, in accordance with normal Company practice.

- (1) Pursuant to Mr. Mullen's offer letter, for fiscal year 2022, he was entitled to receive a bonus amount equal to 50% of his base salary regardless of Company performance.
- (2) Mr. O'Dowd left the Company on January 3, 2022 and was only eligible to receive commissions earned for fiscal year 2022 through his separation date.

Sales Plan

Mr. O'Dowd participated in both the Sales Plan, with terms that correspond to the results achieved by his sales team, as well as in the Bonus Plan described above. Mr. O'Dowd's commission target was based on the attainment of his sales team's bookings quota. If 100% or less of the target bookings quota was met, then Mr. O'Dowd's commission payout percentage of target would equal the actual bookings percentage achieved of the target. If greater than 100%, but less than or equal to 110% of the target bookings quota was achieved, then Mr. O'Dowd would be paid 0.8 percentage points for each incremental one percentage point above the bookings target. If greater than 110% of the target bookings quota was achieved, then Mr. O'Dowd would be paid 1.1 percentage points for each incremental one percentage point above 110% of the bookings target.

For fiscal year 2022, Mr. O'Dowd was deemed to have earned an amount equal to \$53,218 based on his sales team's attainment of bookings quotas and attainment of bookings quotas related to specific Company products through his termination of employment on January 3, 2022. Mr. O'Dowd's sales commissions for bookings are paid on a monthly basis and he only received commissions earned in FY22. He did not receive any amount for the Company's achievement of corporate financial and operational metrics, as he was not employed with the Company through our fiscal year end.

Equity Compensation

We use equity awards to incentivize and reward our executive officers, including the NEOs, for long-term corporate performance based on the value of our common stock and, thereby, to align their interests with those of our stockholders.

Since fiscal year 2021, in consultation with Aon, we provide for only Performance-Vesting RSUs and Time-Vesting RSUs, with Performance-Vesting RSUs focusing mainly on ARR, as we determined that ARR was a key metric for the Company to align and drive performance in light of our cloud transition. We believed that for fiscal year 2022, Performance-Vesting RSUs and Time-Vesting RSUs provided a strong retention incentive for our executive officers, provided a moderate reward for growth in the market price of our common stock, and were less dilutive to our stockholders. Our equity award vehicles provide a strong incentive for our executive officers to remain employed with the Company as they require continued employment through the vesting period.

Time-Vesting RSUs

We have granted our NEOs Performance-Vesting RSUs as well as Time-Vesting RSUs. Time-Vesting RSUs generally vest quarterly over four years (except that for new hires, 25% of their Time-Vesting RSUs cliff vest on the first anniversary of the

vesting commencement date, with the remaining portion vesting in equal quarterly installments over the three years thereafter), subject to an equity award holder's continued employment through each applicable vesting date.

Performance-Vesting RSUs

50% of the Performance-Vesting RSUs vest based on the satisfaction of both a three-year time condition and a one-year performance condition (the "First Tranche Performance-Vesting RSUs"). Assuming the applicable performance conditions are met, the First Tranche Performance-Vesting RSUs vest over three years with 33 1/3% of the earned amount cliff vesting on the first anniversary of the vesting commencement date, with the remaining portion vesting in equal annual installments over the two years thereafter. For the First Tranche Performance-Vesting RSUs, the performance condition for fiscal year 2022 (the "FY 22 Performance Condition") was tied to the achievement of fiscal year 2022 ARR, measured on a constant currency basis using July 31, 2021 exchange rates. For the ARR target: (i) at the threshold ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs (i.e., 50% of the target number of Performance-Vesting RSUs) multiplied by 50%; (ii) at the target ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs multiplied by 100%; and (iii) at or above the maximum ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs multiplied by 150%. If the ARR threshold is not attained, then none of the First Tranche Performance-Vesting RSUs would be eligible to vest. In addition, if our ARR amount exceeds the maximum ARR amount, then the number of First Tranche Performance-Vesting RSUs earned would still be capped at 150% of target. For fiscal year 2022, the Company was determined to have achieved an ARR amount in excess of the target amount, which resulted in 122% of the target number of First Tranche Performance-Vesting RSUs vesting in relation to FY 22 Performance Condition achievement. 33 1/3% of these earned First Tranche Performance-Vesting RSUs vested on the first anniversary of the vesting commencement date and the remainder will time-vest in equal annual installments over the next two years subject to the holder's continued employment with us. The applicable goals for the FY 22 Performance Conditions for the First Tranche Performance-Vesting RSUs were:

	Threshold (50%) (\$)	Target (100%) (\$)	Maximum (150%) (\$)	Actual Performance (\$)
ARR*	634M	667M	700M	683M

*ARR is calculated on a constant currency basis per exchange rates at July 31, 2021.

50% of the Performance-Vesting RSUs vest based on the satisfaction of both a three-year time condition and a three-year performance condition (the "Second Tranche Performance-Vesting RSUs"). Assuming the applicable performance conditions are met, the Second Tranche Performance-Vesting RSUs will cliff vest at such time, subject to the holder's continued employment with us. For the Second Tranche Performance-Vesting RSUs, the performance condition (the "FY 24 Performance Condition") was tied to the achievement of FY 24 ARR, measured on a constant currency basis using July 31, 2021 exchange rates. For the ARR target: (i) at the threshold ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs (i.e., 50% of the target number of Performance-Vesting RSUs) multiplied by 50%; (ii) at the target ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs multiplied by 100%; and (iii) at or above the maximum ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs multiplied by 150%. If the ARR threshold is not attained, then none of the Second Tranche Performance-Vesting RSUs would vest. In addition, if our ARR amount exceeds the applicable maximum ARR amount, then the number of Second Tranche Performance-Vesting RSUs that could vest would still be capped at 150% of target. The applicable goals for the FY 24 Performance Conditions for the Second Tranche Performance-Vesting RSUs were:

	Threshold (50%) (\$)	Target (100%) (\$)	Maximum (150%) (\$)	Actual Performance (\$)
ARR	800M	900M	1B	*

*TBD, at FYE June 31, 2024, on a constant currency basis per exchange rates at July 31, 2021. The Compensation Committee may in its discretion adjust ARR targets for any inorganic ARR.

Fiscal Year 2022 Equity Grants

Typically, the size and form of the initial equity awards for our executive officers have been established through arm's-length negotiation at the time the individual executive officer was hired. In formulating these awards our Compensation Committee has

considered, among other things, the prospective role and responsibility of the executive officer, the amount of equity-based compensation held by the executive officer at his or her former employer, the cash compensation received by the executive officer, the Compensation Committee's sense of the competitive market for similar positions (based in part on information supplied by Aon), and the need to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

Additionally, the Compensation Committee has reviewed the equity holdings of our executive officers annually and granted equity awards in the form of Performance-Vesting RSUs and/or Time-Vesting RSUs to our executive officers to ensure that their overall equity position was consistent with our compensation objectives.

For fiscal year 2022, the Compensation Committee did not apply a rigid formula in determining the size of the annual equity awards for the NEOs; however, in making its determination, the Compensation Committee took into account the 50th percentile of our peer group's annual equity awards to similarly situated executives. In addition, the annual equity awards were split evenly between (i) Performance-Vesting RSUs (50%) and (ii) Time-Vesting RSUs (50%). The Compensation Committee did not strictly benchmark against our peer group, but used its discretion as appropriate, when determining the size of equity awards. In conducting this review and making award determinations in fiscal year 2022, the Compensation Committee also exercised its judgment and discretion and considered several factors, including our overall financial and operational results for the prior fiscal year, the performance of the individual executive officer, the executive officer's potential to contribute to our long-term strategic goals, his or her role and scope of responsibilities within the Company, his or her individual experience and skills, the Compensation Committee's sense of competitive market practices for equity compensation (supported in part by information supplied by Aon), and, as applicable, the recommendations of our CEO. Based on these factors, in September 2021, the Compensation Committee approved the Performance-Vesting RSUs and Time-Vesting RSUs to our NEOs as shown in the table below.

In determining the new hire equity awards granted to Mr. Mullen for fiscal year 2022 and the size of such grants, the Compensation Committee took into consideration several factors, including (i) Mr. Mullen's extensive experience at various senior leadership positions in leading high growth teams to shape and deliver industry transformation, (ii) his skill set and the competitive market for superior chief revenue officers at other comparable companies based on a review of competitive market data, including data drawn from the companies in our compensation peer group, various aspirational companies and selected compensation surveys, (iii) internal equity considerations, (iv) his equity compensation at his prior position, valued at approximately \$7 million, that he would have forfeited when he joined us and his responsibilities as a chief revenue officer and (v) the advice of Aon. Recognizing that Mr. Mullen's deep industry experience makes him a valuable chief revenue officer, the Compensation Committee developed a market competitive compensation package to ensure and promote an appropriate and ongoing linkage between his incentive compensation and our performance. As a result, Mr. Mullen received Time-Vesting RSUs and the size of such awards was based on the Compensation Committee's evaluation of competitive market data drawn from companies in our peer group with a particular focus on equity awards granted to chief revenue/sales officers. Mr. Mullen did not receive any Performance-Vesting RSUs because he commenced employment with us in February 2022.

Named Executive Officer	Number of Time-Vesting RSUs	Target Number of Performance-Vesting RSUs	Grant Date Fair Value of RSUs
Mike Rosenbaum	35,238	35,238	\$8,474,034
Jeff Cooper	15,505	15,505	\$3,720,580
John Mullen	119,490	—	\$10,150,676
Priscilla Hung	18,794	18,794	\$4,509,808
Frank O'Dowd	14,096	14,096	\$3,382,476
Winston King	9,397	9,397	\$2,254,904

Compensation Mix

In determining the amount of base salary, cash bonuses and equity compensation awarded to each NEO, the Compensation Committee does not apply any rigorous percentage of any one element in relation to the overall compensation package. Rather, the Compensation Committee looks at the overall compensation package and the relative amount of each element on an

individual basis for each NEO to determine whether such amounts and mix of components further the basic principles and objectives of our overall compensation program.

Welfare and Other Benefits

We have established a tax-qualified Section 401(k) retirement plan for all employees, including NEOs, who satisfy certain eligibility requirements, including requirements relating to age and length of service. Under this plan, employees may elect to defer their current compensation by up to the statutory limit and contribute to the plan. We provide a match for pre-tax contributions equal to fifty cents for every dollar contributed for the first 8% of cash compensation, up to a maximum of \$5,000 per participant. We intend for the plan to qualify under Section 401(a) of the Code so that contributions by employees to the plan, and income earned on plan contributions, are not taxable to employees until withdrawn from the plan.

In addition, we provide other employee welfare and benefit programs to our executive officers, including the NEOs, on the same basis as all of our full-time employees in the country in which they are resident. These benefits include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance and basic life insurance coverage.

We design our employee welfare and benefit programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee welfare and benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

We do not provide perquisites to our executive officers, except in limited situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes. We do not provide any tax gross-ups for perquisites.

In the future, we may provide perquisites or other personal benefits in limited circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the Compensation Committee.

Pension Benefits

We do not offer any defined benefit pension plans for our employees.

Nonqualified Deferred Compensation

We do not offer any nonqualified deferred compensation arrangements for our employees.

Executive Agreements and Termination of Employment Arrangements

We entered into an amended and restated executive agreement with each of Ms. Hung, Mr. Cooper and Mr. King in January 2020, an agreement with Mr. O'Dowd in June 2020, an agreement with Mr. Rosenbaum in August 2019 which was amended in November 2020, and an agreement with Mr. Mullen in February 2022 (collectively, the "Executive Agreements"). The terms of the Executive Agreements are substantially similar. These Executive Agreements provide for at-will employment. In addition, each agreement sets forth the terms and conditions of employment of each of the NEOs, including initial position, initial base salary, initial target annual bonus/commission opportunity and standard employee benefit plan participation.

These Executive Agreements also contain provisions that provide for certain payments and benefits in the event of a termination of employment, including an involuntary termination of employment within two months before or 12 months following a change in control of the Company.

For a summary of the material terms and conditions of the post-employment compensation terms applicable to our NEOs, see the section titled "Post-Employment Compensation" below.

Our philosophy is that outside of a change in control context, severance protections are only appropriate in the event an executive officer is involuntarily terminated by us without cause, and such protections are only provided upon the executive officer's execution of an effective release of claims. In addition, we believe that the occurrence or potential occurrence of a change in control transaction will create uncertainty regarding the continued employment of our executive officers. This uncertainty arises from the fact that many change in control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide our executive officers with additional severance protections during a change in control protection period, as mentioned above. We also provide severance

protections in connection with a change in control, subject to each executive officer's execution of an effective release of claims against us, to help ensure that executive officers can objectively evaluate change in control transactions that may be in the best interest of our stockholders, despite the potential negative consequences such transactions may have on them personally. Further, we provide severance protections if an executive officer voluntarily terminates employment with us for good reason in connection with a change in control, subject to the executive officer's execution of an effective release of claims against us, because we believe that a voluntary termination for good reason is essentially equivalent to an involuntary termination by us without cause in those circumstances. We believe that the severance benefits provided to our executive officers under their Executive Agreements are appropriate in light of the severance protections available to similarly-situated executive officers at companies in our peer group and are an important component of each executive officer's overall compensation as they help us to attract and retain our key executives who could have other job alternatives that may appear to them to be more attractive absent these protections.

Other Compensation Policies

Stock Ownership Guidelines

We have adopted stock ownership guidelines that are applicable to senior executives, including our NEOs. Prior to March 2021, the stock ownership guidelines required the CEO to own shares of our common stock equal to at least three times his annual base salary and all other executives who are required to report under Section 16 of the Exchange Act, including our NEOs, to own shares of our common stock equal to at least one times his or her annual base salary, in each case, by the first July 31st that occurred following the three-year anniversary of his or her date of hire or promotion (the "Prior Senior Executive Requirement"). To increase the alignment between the interests of our executive officers and our stockholders and to enhance our commitment to sound corporate governance, effective as of March 2021, we amended our stock ownership guidelines to require the CEO and each non-CEO executive officer to own shares of our common stock equal to at least four times and 1.5 times, respectively, his or her annual base salary, by the first July 31st that occurs following the three-year anniversary of his or her date of hire or promotion or, if later, by July 31, 2023. Only shares of our common stock that are owned or held in the following forms will be considered in determining whether each officer has met the stock ownership requirement: (i) shares owned directly by the officer; (ii) shares "beneficially owned" by the officer that are held in a grantor trust (or similar instrument) for the benefit of the officer and/or his or her immediate family members, but only to the extent that the officer has the power to vote and dispose of such shares; and/or (iii) shares representing the aggregate net value of vested and unexercised in-the-money options. Shares of our common stock underlying unvested options, unvested RSUs, unvested performance-based RSUs and other unvested equity awards will not be considered when determining whether an officer has met the stock ownership requirement. Officers subject to the policy who were serving as of March 9, 2021 will continue to be subject to the Prior Senior Executive Requirement until July 31, 2023. As of July 31, 2022, all our NEOs who have been employed for three or more years have satisfied the ownership requirements.

Compensation Recovery Policy

In September 2019, we adopted a clawback policy, which was subsequently amended in December 2019 (the "Clawback Policy"). The Clawback Policy provides that if our financial statements are materially restated, whether in part or in their entirety, due to misconduct by one or more covered individuals (i.e., (i) any Section 16 officers and (ii) certain of our C-level employees, senior vice presidents, and sales leadership as designated by the Clawback Policy or agreed upon by our CEO, CFO, and General Counsel), then our Board or Compensation Committee shall have the discretion to recoup a portion of any performance-based compensation that has been paid or distributed to a covered individual during the clawback period (i.e., the three-year period preceding the publication of the restated financials), to the extent such compensation paid or distributed was in excess of what would have been paid under the restated financials. Our Board or the Compensation Committee, in its sole discretion, may also reduce the amount of future compensation, including, without limitation, any bonus or severance, or the future grant or vesting of any equity award, payable to any covered individual by an amount equal to such excess proceeds from performance-based compensation received by the covered individual during the clawback period. Additionally, for any covered individual who is terminated for "cause" (as defined in the Clawback Policy), if our Board determines based on relevant facts and circumstances that the conduct resulting in such for cause termination has caused material, demonstrable reputational harm to the Company, then the Company may require the covered individual to repay a portion of any performance-based compensation that has been paid or distributed to a covered individual during the "for cause clawback period" (i.e., the period from when the first act by the covered individual underlying for cause termination occurred, until such time the covered individual was terminated for cause by the Company). The policy is applicable to all cash and equity-based compensation predicated on the achievement of financial performance goals or financial metrics (excluding any such compensation based on TSR or similar stock price-based metrics).

In addition, our 2011 Stock Plan provides that if we are required to prepare an accounting restatement due to our material noncompliance, as a result of misconduct, with any financial reporting requirement under the securities laws, then any equity award holder who is an individual subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002 must

reimburse us for the amount of any equity award received by such individual under such plans during the 12-month period following the first public issuance or filing with the SEC, as the case may be, of the financial document embodying such financial reporting requirement. Furthermore, our 2020 Stock Plan provides that all awards thereunder will be subject to the Company's clawback policy in effect, from time to time.

Derivatives Trading and Hedging Policy

Our NEOs, employees, and directors are subject to our insider trading policy. Under this policy all of our executive officers, employees and directors are prohibited from engaging in transactions in publicly-traded options and other derivative securities with respect to our securities, including any hedging or similar transactions.

Anti-Pledging Policy

Under our insider trading policy, all of our executive officers, employees, and directors are prohibited from pledging securities of the Company as collateral for loans.

Equity Award Grant Policy

In March 2021, we adopted an Equity Award Grant Policy that sets forth the process and timing for us to follow when we grant equity awards for shares of our common stock to our employees, including our executive officers, pursuant to any of our equity compensation plans. The policy was amended and restated in September 2022. Pursuant to the policy (as amended and restated), all grants of equity awards must be approved in advance by our Board, the Compensation Committee or, subject to the delegation requirements in the policy, the Equity Grant Committee. The Equity Grant Committee is currently comprised of our CEO, CFO, and General Counsel. The equity award granting authority delegated to the Equity Grant Committee applies to non-executive employees and covers awards of RSUs within specific ranges set forth in the policy, which will be updated annually by the Compensation Committee.

The Equity Award Grant Policy sets forth that equity awards are generally granted on the following regularly scheduled basis:

- Equity awards granted in connection with the hiring of a new employee or the promotion of an existing employee will be on a quarterly basis and be effective on the date on which such award is approved by the Board, the Compensation Committee or the Equity Grant Committee.
- Equity awards granted to existing employees (other than in connection with a promotion) will generally be granted, if at all, on an annual basis effective on the date on which such award is approved by the Board, the Compensation Committee or the Equity Grant Committee.

Our Board and the Compensation Committee retain the discretion to grant equity awards at other times to the extent appropriate in light of the circumstances of such awards.

In addition, the policy sets forth the manner in which our equity awards will be priced. If an award of restricted stock or restricted stock units is denominated in dollars, the number of shares subject to the award will be determined by dividing the dollar value by the average closing market price on the NYSE of a share of our common stock over the 20-trading days ending two trading days immediately preceding the effective date of grant, with such total number of shares rounded up to the nearest whole share. The exercise price of all stock options will be at equal to the closing market price on the NYSE of a share of our common stock on the effective date of grant. If the amount of a stock option award is to be determined by reference to a fair value calculated under Financial Accounting Standards Board Accounting Standard Codification Topic 718, Stock Compensation, or FASB ASC Topic 718, then the number of shares to be subject to such stock option will be determined based on such fair value, and the exercise price determined in accordance with the preceding sentence and the approved valuation assumptions, subject to any other limits on the number of shares that may be subject to such stock option.

Tax and Accounting Considerations

Deductibility of Executive Compensation

Section 162(m) of the Code generally disallows public companies a tax deduction for federal income tax purposes of remuneration in excess of \$1 million paid to certain specified executive officers, including a public corporation's chief executive officer, chief financial officer and each of the three other most highly compensated executive officers whose compensation is required to be disclosed to stockholders under the Exchange Act.

Pursuant to the Tax Cuts and Jobs Act of 2017, which was signed into law on December 22, 2017 (the "Tax Act"), for years beginning after December 31, 2017, all remuneration in excess of \$1 million paid to a specified executive is not deductible. In

addition, under the Tax Act, once an executive becomes a "covered employee" under Section 162(m) of the Code, the individual will continue to be a "covered employee" as long as he or she remains employed by the company.

In approving the amount and form of compensation for our executive officers, the Compensation Committee is mindful of the benefit of receiving full deductibility of compensation; however, our Compensation Committee believes that we should not be constrained by the requirements of Section 162(m) of the Code, where such requirements would impair our flexibility in compensating our executive officers in a manner that can best promote our corporate objectives and attract and retain executive talent. Our Compensation Committee monitors the application of Section 162(m) of the Code, as well as developments under Section 162(m) of the Code, and balances the benefits of potentially paying compensation that is deductible under Section 162(m) with our need to have the flexibility to maintain compensation plans that are designed to promote our objectives.

Taxation of "Parachute" Payments

Sections 280G and 4999 of the Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to significant additional taxes if they receive payments or benefits in connection with a change in control of the company that exceeds certain prescribed limits, and that the company (or a successor) may forfeit a deduction on the amounts subject to this additional tax. We have not agreed to provide any executive officer, including any NEO, with a "gross-up" or other reimbursement payment for any tax liability that the executive officer might owe as a result of the application of Sections 280G or 4999 of the Code.

Accounting for Stock-Based Compensation

We follow FASB ASC Topic 718 for our stock-based compensation awards. FASB ASC Topic 718 requires companies to measure the compensation expense for all share-based payment awards made to employees and directors, based on the grant date "fair value" of these awards. This calculation is performed for accounting purposes and reported in the compensation tables below, even though our executive officers may never realize any value from their awards. FASB ASC Topic 718 also requires companies to recognize the compensation cost of their stock-based compensation awards in their income statements over the period that an executive officer is required to render service in exchange for the option or other stock-based award.

Summary Compensation Table

The following table summarizes the compensation that we paid to, or that was earned by or granted to, each of the NEOs during our fiscal years 2022, 2021, and 2020.

(1) The amounts shown reflect the aggregate grant date fair value of RSUs granted, determined in accordance with FASB ASC Topic 718. These amounts do not represent the actual amounts paid to or realized by the NEOs during the fiscal years presented. Pursuant to SEC rules, these amounts exclude the impact of estimated forfeitures related to service-based vesting conditions. See Note 10 of the consolidated financial statements in our 2022 Annual Report, regarding assumptions underlying valuation of equity awards for 2022, 2021, and 2020. Details regarding equity awards that are still outstanding can be found in the "Outstanding Equity Awards at Fiscal Year End" table. The aggregate grant fair value of the Performance-Vesting RSUs at the maximum level of achievement for fiscal year 2022 and fiscal year 2024 is as follows for Messrs. Rosenbaum, Cooper, O'Dowd, and King, and Ms. Hung: \$6,355,285; \$2,790,375; \$2,536,737; \$1,691,118; and \$3,382,236, respectively. For Mr. O'Dowd, the amount for 2022 also includes \$3,823,084, equal to the incremental fair value, calculated in accordance with ASC Topic 718, related to the modification of 33,746 RSUs held by Mr. O'Dowd to provide for full acceleration of vesting, which he received pursuant to a separation and release agreement entered into between Mr. O'Dowd and the Company on January 6, 2022.

(2) The amounts reported in the "All Other Compensation" column consist of life insurance premiums and 401(k) matching contributions paid by the Company on behalf of each NEO. Fiscal year 2022 amounts are comprised of \$5,000 of 401(k) matching contributions for Messrs. Rosenbaum, Cooper, Mullen, and King, and Ms. Hung, \$65 of 401(k) matching contributions for Mr. O'Dowd, and the following life insurance premiums for Messrs. Rosenbaum, Cooper, Mullen, O'Dowd, and King, and Ms. Hung of \$944, \$752, \$465, \$377, \$713, and \$792, respectively. The amount for Mr. O'Dowd also includes

- (1) The amounts shown represent the threshold, target, and maximum amount of potential cash bonus awards provided for under the Bonus Plan (and the Sales Plan for Mr. O'Dowd). The target amounts are pre-established as a fixed dollar amount. The maximum amounts represent the greatest payout that could have been made if the pre-established performance level was exceeded. Under the Bonus Plan the maximum amount payable was equal to 150% of the target amount; however, payout above 150% for ARR greater than \$700M is at the discretion of our Board. If the threshold amount or less was achieved, then 50% of the target amount was payable and if the target amount was achieved, then 100% of the target amount was payable. The Sales Plan for Mr. O'Dowd does not provide for a threshold amount or a limit on the maximum amount payable.
- (2) Each grant was approved by our Compensation Committee on the grant date indicated.
- (3) Represents awards of First Tranche Performance-Vesting RSUs granted under our 2020 Stock Plan. All First Tranche Performance-Vesting RSUs that are earned based on threshold, target or maximum attainment of certain performance conditions vest 33% on the first anniversary of the vesting commencement date of September 15, 2021 and the remaining vest in equal annual installments over the two years thereafter, subject to the executive officer's continued employment with the Company through each applicable vesting date. FY 22 Performance Conditions are based on FY 22 ARR as follows: (i) at the threshold FY 22 ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs multiplied by 50%; (ii) at the target FY 22 ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs multiplied by 100%; and (iii) at or above the maximum FY 22 ARR amount, the number of First Tranche Performance-Vesting RSUs eligible to vest would equal the target number of First Tranche Performance-Vesting RSUs multiplied by 150%. In addition, if the FY 22 ARR amount exceeds the applicable ceiling, then the number of First Tranche Performance-Vesting RSUs that vest would still be capped at 150% of the target number of First Tranche Performance-Vesting RSUs. In the case of First Tranche Performance-Vesting RSUs, the aggregate grant date fair value is reported for the probable outcome, which for this purpose is estimated as 100% target achievement.
- (4) Represents awards of Second Tranche Performance-Vesting RSUs granted under our 2020 Stock Plan. All Second Tranche Performance-Vesting RSUs that are earned based on threshold, target or maximum attainment of certain performance conditions cliff vest on September 15, 2024, subject to the executive officer's continued employment with the Company through such vesting date. FY 24 Performance Conditions are based on FY 24 ARR as follows: (i) at the threshold FY 24 ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs multiplied by 50%; (ii) at the target FY 24 ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs multiplied by 100%; and (iii) at or above the maximum FY 24 ARR amount, the number of Second Tranche Performance-Vesting RSUs eligible to vest would equal the target number of Second Tranche Performance-Vesting RSUs multiplied by 150%. In addition, if the FY 24 ARR amount exceeds the applicable ceiling, then the number of Second Tranche Performance-Vesting RSUs that vest would still be capped at 150% of the target number of Second Tranche Performance-Vesting RSUs. In the case of Second Tranche Performance-Vesting RSUs, the aggregate grant date fair value is reported for the probable outcome, which for this purpose is estimated as 100% target achievement.
- (5) Time-Vesting RSUs granted under our 2020 Stock Plan generally vest quarterly over four years, subject to the executive officer's continued employment with the Company through each applicable vesting date, except that for Mr. Mullen, his Time-Vesting RSUs vest 25% after one year and quarterly over the three following years, subject to his continued employment with the Company through each applicable vesting date.
- (6) Pursuant to Mr. Mullen's offer letter, for FY22, he was entitled to receive a bonus amount equal to 50% of his target, regardless of Company performance.

Post-Employment Compensation

Our executive officers, including the NEOs, have certain agreements or other arrangements with the Company providing for payments or benefits in the event of a termination of employment or in connection with a change in control. As of July 31, 2022, there are no other agreements with our executive officers for payments or benefits beyond those described.

Involuntary Termination of Employment

Pursuant to Executive Agreements entered into by each NEO, in the event that the employment of the NEOs is terminated without cause (as defined in the applicable Executive Agreements), and subject to such executive officer delivering a fully effective release of claims, he or she will be entitled to cash severance equal to: (i) one times the executive officer's then current base salary (plus one times the executive officer's target annual bonus, for Mr. Rosenbaum only) and (ii) continued health insurance coverage or a lump sum cash payment equal to the monthly contributions that the Company would make to provide health insurance to such executive, in each case, for 12 months. Pursuant to his Executive Agreement, Mr. Mullen is entitled to acceleration of vesting of 40% of his outstanding but unvested initial Time-Vesting RSUs in the event the Company terminates his employment without cause prior to the first anniversary of the effective date of his Executive Agreement, and if the Company terminates his employment without cause between the first and second anniversaries of the effective date of his Executive Agreement, then he is entitled to the acceleration of vesting of 20% of his outstanding but unvested initial Time-Vesting RSUs.

Involuntary Termination of Employment in Connection with a Change in Control

Pursuant to the Executive Agreements entered into by each NEO, in the event that the employment of a NEO is terminated without cause or such executive resigns for good reason (as defined in the applicable Executive Agreements) within the period commencing two months prior to and ending 12 months following, a change in control, then in lieu of the severance described above, and subject to such executive officer delivering a fully effective release of claims, he or she will be entitled to cash severance equal to 1.5 times in the case of Mr. Rosenbaum, and one times in the case of the other NEOs, the sum of the executive officer's then current base salary and target bonus, or commission, as applicable, payable in a single lump sum, plus either continued health insurance coverage or a lump sum cash payment equal to the monthly contributions that the Company would make to provide health insurance to such executive, in each case for 18 months for Mr. Rosenbaum and 12 months for the other NEOs. In addition, the vesting of all then-outstanding stock options, RSUs and other stock-based awards held by the applicable NEO will immediately accelerate and become fully vested upon such termination.

The payments and benefits provided under the Executive Agreements in connection with a change in control may not be eligible for a federal income tax deduction for the Company pursuant to Section 280G of the Code. These payments and benefits also may be subject to an excise tax under Section 4999 of the Code. If the payments or benefits payable to the NEOs in connection with a change in control would be subject to the excise tax on golden parachutes imposed under Section 4999 of the Code, then those payments or benefits will be reduced if such reduction would result in a higher net after-tax benefit to such officer.

CEO Pay Ratio

Our compensation and benefits philosophy and the overall structure of our compensation and benefit programs are broadly similar across the organization to encourage and reward all employees who contribute to our success. We strive to ensure the pay of every employee reflects the level of their job impact and responsibilities and is competitive within our peer group. Our ongoing commitment to pay equity is critical to our success in supporting a diverse workforce with opportunities for all employees to grow, develop, and contribute.

Under rules adopted pursuant to the Dodd-Frank Act, we are required to calculate and disclose the total compensation paid to our median paid employee, as well as the ratio of the total compensation paid to the median employee as compared to the total compensation paid to our CEO (the "CEO Pay Ratio"). The paragraphs that follow describe our methodology and the resulting CEO Pay Ratio.

Measurement Date

Although we are permitted by the SEC rules to use the same median employee that was identified for purposes of our fiscal year 2021 disclosure for the CEO Pay Ratio, we did not use such employee as we did not believe that such employee continued to be representative of the median. Instead, we re-identified our median employee using our employee population on May 1, 2022 (including all employees, whether employed on a full-time, part-time, seasonal, or temporary basis).

Consistently Applied Compensation Measure (CACM)

Under the relevant rules, we were required to identify the median employee by use of a "consistently applied compensation measure," or CACM. We chose a CACM that closely approximates the annual target total direct compensation of our employees. Specifically, we identified the median employee by looking at all active employees as of May 1, 2022 and calculating each employee's annual base pay, annual target cash incentive opportunity, and the grant date fair value for equity awards granted in the year preceding that date. We did not perform adjustments to the compensation paid to part-time employees to calculate what they would have been paid on a full-time basis. In identifying the median employee, we did not exclude workers in non-U.S. countries and did not make any cost-of-living adjustments. This process resulted in the identification of an employee whose compensation was anomalous, as that individual was newly hired in 2022. As a result, we substituted an employee near the median whose compensation was viewed as more representative of our median employee.

Methodology and Pay Ratio

Once the median employee was identified, we calculated the median employee's annual target total direct compensation in accordance with the requirements of the Summary Compensation Table.

Our median employee compensation as calculated using Summary Compensation Table requirements was \$193,624. Our CEO's compensation as reported in the Summary Compensation Table was \$10,084,979. Therefore, our CEO Pay Ratio is approximately 52:1.

This information is being provided for compliance purposes and is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios. Neither the Compensation Committee nor management of the company used the CEO Pay Ratio measure in making compensation decisions.

The percentage of beneficial ownership for the following table is based on 81,876,111 shares of common stock outstanding as of the record date. Certain Relationships and Related Party Transactions

Transactions with Our Executive Officers and Directors

Stock Option and RSU Awards

The grants of certain stock options and RSUs to our directors and executive officers and related equity compensation policies are described above in the sections titled *"Information Regarding Compensation of Directors and Executive Officers"* and *"Compensation Discussion and Analysis."*

Employment Agreements

We have entered into agreements containing compensation, termination and change of control provisions, among others, with certain of our executive officers as described above in the section titled *"Compensation Discussion and Analysis-Executive Agreements and Termination of Employment Arrangements."*

The Company participated in one transaction (including employment and compensation associated therewith) since the beginning of fiscal year 2022 in which a director, director nominee, executive officer, or one of their immediate family members had a material interest and the amount involved exceeded \$120,000. Annie Lavin, the daughter of Paul Lavin, our Lead Independent Director, is employed by the Company as a Strategic Business Operations Manager in the Business Operations Department. In fiscal year 2022, the aggregate compensation paid to Ms. Lavin, including salary, incentive compensation, the grant date value of long-term incentive awards and the value of any health and other benefits contributed to or paid for by the Company, was less than \$200,000. Ms. Lavin's aggregate compensation is similar to the aggregate compensation of other employees holding equivalent positions.

Indemnification of Officers and Directors

We have also entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements and our amended and restated certificate of incorporation and amended and restated bylaws require us to indemnify our directors and executive officers to the fullest extent permitted by Delaware law.

Our amended and restated certificate of incorporation and amended and restated bylaws contain provisions that limit the personal liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for:

- Any breach of the director's duty of loyalty to us or our stockholders;
- Any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- Unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or
- Any transaction from which the director derived an improper personal benefit.

Our amended and restated certificate of incorporation provides that we indemnify our directors to the fullest extent permitted by Delaware law. In addition, our amended and restated bylaws provide that we indemnify our directors and officers to the fullest extent permitted by Delaware law. Our amended and restated bylaws also provide that we shall advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee, or other agent for any liability arising out of his or her actions in that capacity, regardless of whether we would otherwise be permitted to indemnify him or her under the provisions of Delaware law. We have entered and expect to continue to enter into agreements to indemnify our directors, executive officers, and other employees as determined by the Board. With certain exceptions, these agreements provide for indemnification for related expenses including, among others, attorneys' fees, judgments, fines, and settlement amounts incurred by any of these individuals in any action or proceeding. We believe that these bylaw provisions and indemnification agreements are necessary to attract and retain qualified persons as directors and officers. We also maintain directors' and officers' liability insurance.

Policies and Procedures for Related Party Transactions

We have adopted a formal written policy that our executive officers, directors, and principal stockholders, including their immediate family members and affiliates, are not permitted to enter into a related party transaction with us that must be reported under applicable rules of the SEC without the prior consent of our Audit Committee or other independent members of our Board in the case it is inappropriate for our Audit Committee to review such transaction due to a conflict of interest. All of our directors,

executive officers, and employees are required to report to our Audit Committee any such related party transaction. In approving or rejecting the proposed agreement, our Audit Committee shall consider the relevant facts and circumstances available to and deemed relevant by the Audit Committee, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee shall approve only those agreements that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion.

Delayed Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors, executive officers, and persons who beneficially own more than ten percent of our common stock to file reports on Forms 3, 4, and 5 with the SEC concerning their ownership of, and transactions in, our common stock.

To our knowledge, based solely on our review of the copies of such reports furnished to us and on the representations of the reporting persons, all of these reports were timely filed during the last fiscal year, except Jeff Cooper, Priscilla Hung, Winston King, and Mike Polelle each filed one delayed Form 4 as to the vesting of certain restricted stock units on September 15, 2021.

Appendix A

Non-GAAP Financial Measures Information

Set forth below in this Appendix A is important information about the Adjusted Non-GAAP Expenses metric discussed in this proxy statement.

Adjusted Non-GAAP Expenses

As discussed in this proxy statement, annual bonuses paid to our executive officers under our Bonus Plan are partially conditioned upon the achievement of specified levels of Adjusted Non-GAAP Expenses. We believe that the Adjusted Non-GAAP Expenses financial measure provides useful information to management and investors regarding the results of our operations. We also believe that Adjusted Non-GAAP Expenses metric provides an additional tool for investors to use in evaluating ongoing operating results and trends. The principal limitation of Adjusted Non-GAAP Expenses is that it excludes significant expenses and income that are required by GAAP to be recorded in our financial statements. In addition, it is subject to inherent limitations as it reflects the exercise of judgment by management about which expenses are excluded or included in determining Adjusted Non-GAAP Expenses.

Adjusted Non-GAAP Expenses was calculated as cost of revenue plus operating expenses under GAAP exclusive of:

- Non-GAAP cost of services revenue
- Stock-based compensation expense;
- Amortization of acquired intangibles;
- Acquisition consideration holdback; and
- Corporate bonus accrual exceeding 100%.

The table below provides a reconciliation of Adjusted Non-GAAP Expenses to cost of revenue and operating expenses under GAAP for the time periods indicated below (in thousands):

GUIDEWIRE SOFTWARE, INC. AND SUBSIDIARIES
Reconciliation of GAAP to Adjusted Non-GAAP Expenses
(unaudited, in thousands)

The following table reconciles the specific items excluded from GAAP cost of revenue and operating expenses in the calculation of adjusted non-GAAP expenses for the fiscal year ended July 31, 2022:

Operating expenses reconciliation:	Fiscal Year Ended July 31, 2022
GAAP cost of revenue and operating expenses	\$ 1,012,061
Non-GAAP adjustments:	
Cost of services revenue	215,414
Stock-based compensation expense	137,011
Amortization of acquired intangibles	14,081
Acquisition consideration holdback	3,067
Corporate bonus accrual exceeding 100%	6,588
Adjusted Non-GAAP expenses	\$ 635,900

Section 2. Administration of Plan; Administrator Authority to Select Grantees and Determine Awards

(a) Administration of Plan. The Plan shall be administered by the Administrator.

- (i) to select the individuals to whom Awards may from time to time be granted;

- (ii) to determine the time or times of grant, and the extent, if any, of Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock Awards, Restricted Stock Units, Unrestricted Stock Awards, Cash-Based Awards, and Dividend Equivalent Rights, or any combination of the foregoing, granted to any one or more grantees;
- (iii) to determine the number of shares of Stock to be covered by any Award;
- (iv) to determine and modify from time to time the terms and conditions, including restrictions, not inconsistent with the terms of the Plan, of any Award, which terms and conditions may differ among individual Awards and grantees, and to approve the forms of Award Certificates;
- (v) to accelerate at any time the exercisability or vesting of all or any portion of any Award in circumstances involving the grantee's death or disability;
- (vi) subject to the provisions of Section 5(c), to extend at any time the period in which Stock Options may be exercised; and
- (vii) at any time to adopt, alter and repeal such rules, guidelines and practices for administration of the Plan and for its own acts and proceedings as it shall deem advisable; to interpret the terms and provisions of the Plan and any Award (including related written instruments); to make all determinations it deems advisable for the administration of the Plan; to decide all disputes arising in connection with the Plan; and to otherwise supervise the administration of the Plan.

All decisions and interpretations of the Administrator shall be binding on all persons, including the Company and Plan grantees.

- (c) **Delegation of Authority to Grant Awards.** Subject to applicable law, the Administrator, in its discretion, may delegate to a committee consisting of one or more officers of the Company including the Chief Executive Officer of the Company all or part of the Administrator's authority and duties with respect to the granting of Awards to individuals who are (i) not subject to the reporting and other provisions of Section 16 of the Exchange Act and (ii) not members of the delegated committee. Any such delegation by the Administrator shall include a limitation as to the amount of Stock underlying Awards that may be granted during the period of the delegation and shall contain guidelines as to the determination of the exercise price and the vesting criteria. The Administrator may revoke or amend the terms of a delegation at any time but such action shall not invalidate any prior actions of the Administrator's delegate or delegates that were consistent with the terms of the Plan.
- (d) **Award Certificate.** Awards under the Plan shall be evidenced by Award Certificates that set forth the terms, conditions and limitations for each Award which may include, without limitation, the term of an Award and the provisions applicable in the event employment or service terminates.
- (e) **Indemnification.** Neither the Board nor the Administrator, nor any member of either or any delegate thereof, shall be liable for any act, omission, interpretation, construction or determination made in good faith in connection with the Plan, and the members of the Board and the Administrator (and any delegate thereof) shall be entitled in all cases to indemnification and reimbursement by the Company in respect of any claim, loss, damage or expense (including, without limitation, reasonable attorneys' fees) arising or resulting therefrom to the fullest extent permitted by law and/or under the Company's articles or bylaws or any directors' and officers' liability insurance coverage which may be in effect from time to time and/or any indemnification agreement between such individual and the Company.
- (f) **Foreign Award Recipients.** Notwithstanding any provision of the Plan to the contrary, in order to comply with the laws in other countries in which the Company and its Subsidiaries operate or have employees or other individuals eligible for Awards, the Administrator, in its sole discretion, shall have the power and authority to: (i) determine which Subsidiaries shall be covered by the Plan; (ii) determine which individuals outside the United States are eligible to participate in the Plan; (iii) modify the terms and conditions of any Award granted to individuals outside the United States to comply with applicable foreign laws; (iv) establish subplans and modify exercise procedures and other terms and procedures, to the extent the Administrator determines such actions to be necessary or advisable (and such subplans and/or modifications shall be attached to this Plan as appendices); provided, however, that no such subplans and/or modifications shall increase the share limitations contained in Section 3(a) hereof; and (v) take any action, before or after an Award is made, that the Administrator determines to be necessary or advisable to obtain approval or comply with any local governmental regulatory exemptions or approvals. Notwithstanding the foregoing, the Administrator may not take any actions hereunder, and no Awards shall be granted, that would violate the Exchange Act or any other applicable United States securities law, the Code, or any other applicable United States governing statute or law.

Section 3. Stock Issuable Under the Plan; Mergers; Substitution

- (a) **Stock Issuable.** The maximum number of shares of Stock reserved and available for issuance under the Plan shall be 6,780,000 shares, subject to adjustment as provided in this Section 3. For purposes of this limitation, the shares of Stock underlying any awards under the Plan and under the Company's 2011 Stock Plan that are forfeited, canceled, or otherwise terminated (other than by exercise) shall be added back to the shares of Stock available for issuance under the Plan and, to the extent permitted under Section 422 of the Code and the regulations promulgated thereunder, the shares of Stock that may be issued as Incentive Stock Options. Notwithstanding the foregoing, the following shares shall not be added to the shares authorized for grant under the Plan: (i) shares tendered or held back upon exercise of an Option or settlement of an Award to cover the exercise price or tax withholding, and (ii) shares subject to a Stock Appreciation Right that are not issued in connection with the stock settlement of the Stock Appreciation Right upon exercise thereof. In the event the Company repurchases shares of Stock on the open market, such shares shall not be added to the shares of Stock available for issuance under the Plan. Subject to such overall limitations, shares of Stock may be issued up to such maximum number pursuant to any type or types of Award; provided, however, that no more than 6,780,000 shares of the Stock may be issued in the form of Incentive Stock Options. The shares available for issuance under the Plan may be authorized but unissued shares of Stock or shares of Stock reacquired by the Company.
- (b) **Changes in Stock.** Subject to Section 3(c) hereof, if, as a result of any reorganization, recapitalization, reclassification, stock dividend, stock split, reverse stock split or other similar change in the Company's capital stock, the outstanding shares of Stock are increased or decreased or are exchanged for a different number or kind of shares or other securities of the Company, or additional shares or new or different shares or other securities of the Company or other non-cash assets are distributed with respect to such shares of Stock or other securities, or, if, as a result of any merger or consolidation, sale of all or substantially all of the assets of the Company, the outstanding shares of Stock are converted into or exchanged for securities of the Company or any successor entity (or a parent or subsidiary thereof), the Administrator shall make an appropriate or proportionate adjustment in (i) the maximum number of shares reserved for issuance under the Plan, including the maximum number of shares that may be issued in the form of Incentive Stock Options, (ii) the number and kind of shares or other securities subject to any then outstanding Awards under the Plan, (iii) the repurchase price, if any, per share subject to each outstanding Restricted Stock Award, and (iv) the exercise price for each share subject to any then outstanding Stock Options and Stock Appreciation Rights under the Plan, without changing the aggregate exercise price (i.e., the exercise price multiplied by the number of shares subject to Stock Options and Stock Appreciation Rights) as to which such Stock Options and Stock Appreciation Rights remain exercisable. The Administrator shall also make equitable or proportionate adjustments in the number of shares subject to outstanding Awards and the exercise price and the terms of outstanding Awards to take into consideration cash dividends paid other than in the ordinary course or any other extraordinary corporate event. The adjustment by the Administrator shall be final, binding and conclusive. No fractional shares of Stock shall be issued under the Plan resulting from any such adjustment, but the Administrator in its discretion may make a cash payment in lieu of fractional shares.
- (c) **Mergers and Other Transactions.** In the case of and subject to the consummation of a Sale Event, the parties thereto may cause the assumption or continuation of Awards theretofore granted by the successor entity, or the substitution of such Awards with new Awards of the successor entity or parent thereof, with appropriate adjustment as to the number and kind of shares and, if appropriate, the per share exercise prices, as such parties shall agree. To the extent the parties to such Sale Event do not provide for the assumption, continuation or substitution of Awards, upon the effective time of the Sale Event, the Plan and all outstanding Awards granted hereunder shall terminate. In such case, except as may be otherwise provided in the relevant Award Certificate, all Options and Stock Appreciation Rights with time-based vesting conditions or restrictions that are not vested and/or exercisable immediately prior to the effective time of the Sale Event shall become fully vested and exercisable as of the effective time of the Sale Event, all other Awards with time-based vesting, conditions or restrictions shall become fully vested and nonforfeitable as of the effective time of the Sale Event, and all Awards with conditions and restrictions relating to the attainment of performance goals may become vested and nonforfeitable in connection with a Sale Event to the extent specified in the relevant Award Certificate. In the event of such termination, (i) the Company shall have the option (in its sole discretion) to make or provide for a payment, in cash or in kind, to the grantees holding Options and Stock Appreciation Rights, in exchange for the cancellation thereof, in an amount equal to the difference between (A) the Sale Price multiplied by the number of shares of Stock subject to outstanding Options and Stock Appreciation Rights (to the extent then exercisable at prices not in excess of the Sale Price) and (B) the aggregate exercise price of all such outstanding Options and Stock Appreciation Rights (provided that, in the case of an Option or Stock Appreciation Right with an exercise price equal to or greater than the Sale Price, such Option or Stock Appreciation Right shall be cancelled for no consideration); or (ii) each grantee shall be permitted, within a specified period of time prior to the consummation of the Sale Event as determined by the Administrator, to exercise all outstanding Options and Stock Appreciation Rights (to the extent then exercisable) held by such grantee. The Company shall also have the option (in its sole discretion) to make or provide

for a payment, in cash or in kind, to the grantees holding other Awards in an amount equal to the Sale Price multiplied by the number of vested shares of Stock under such Awards.

- (d) **Maximum Awards to Non-Employee Directors.** Notwithstanding anything to the contrary in this Plan, the value of all Awards awarded under this Plan and all other cash compensation paid by the Company to any Non-Employee Director in any calendar year shall not exceed \$750,000. For the purpose of this limitation, the value of any Award shall be its grant date fair value, as determined in accordance with ASC 718 or successor provision but excluding the impact of estimated forfeitures related to service-based vesting provisions.

Section 4. Eligibility

Grantees under the Plan will be such employees, Non-Employee Directors or Consultants of the Company and its Affiliates as are selected from time to time by the Administrator in its sole discretion; provided that Awards may not be granted to employees, Directors or Consultants who are providing services only to any "parent" of the Company, as such term is defined in Rule 405 of the Act, unless (i) the stock underlying the Awards is treated as "service recipient stock" under Section 409A or (ii) the Company has determined that such Awards are exempt from or otherwise comply with Section 409A.

Section 5. Stock Options

- (a) **Award of Stock Options.** The Administrator may grant Stock Options under the Plan. Any Stock Option granted under the Plan shall be in such form as the Administrator may from time to time approve.

Stock Options granted under the Plan may be either Incentive Stock Options or Non-Qualified Stock Options. Incentive Stock Options may be granted only to employees of the Company or any Subsidiary that is a "subsidiary corporation" within the meaning of Section 424(f) of the Code. To the extent that any Option does not qualify as an Incentive Stock Option, it shall be deemed a Non-Qualified Stock Option.

Stock Options granted pursuant to this Section 5 shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of the Plan, as the Administrator shall deem desirable. If the Administrator so determines, Stock Options may be granted in lieu of cash compensation at the optionee's election, subject to such terms and conditions as the Administrator may establish.

- (b) **Exercise Price.** The exercise price per share for the Stock covered by a Stock Option granted pursuant to this Section 5 shall be determined by the Administrator at the time of grant but shall not be less than 100 percent of the Fair Market Value on the date of grant. In the case of an Incentive Stock Option that is granted to a Ten Percent Owner, the exercise price of such Incentive Stock Option shall be not less than 110 percent of the Fair Market Value on the grant date. Notwithstanding the foregoing, Stock Options may be granted with an exercise price per share that is less than 100 percent of the Fair Market Value on the date of grant (i) pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code, (ii) to individuals who are not subject to U.S. income tax on the date of grant or (iii) the Stock Option is otherwise compliant with Section 409A.
- (c) **Option Term.** The term of each Stock Option shall be fixed by the Administrator, but no Stock Option shall be exercisable more than ten years after the date the Stock Option is granted. In the case of an Incentive Stock Option that is granted to a Ten Percent Owner, the term of such Stock Option shall be no more than five years from the date of grant.
- (d) **Exercisability; Rights of a Stockholder.** Stock Options shall become exercisable at such time or times, whether or not in installments, as shall be determined by the Administrator at or after the grant date. Subject to Section 2(b)(v), the Administrator may at any time accelerate the exercisability of all or any portion of any Stock Option. An optionee shall have the rights of a stockholder only as to shares acquired upon the exercise of a Stock Option and not as to unexercised Stock Options.
- (e) **Method of Exercise.** Stock Options may be exercised in whole or in part, by giving written or electronic notice of exercise to the Company, specifying the number of shares to be purchased. Payment of the purchase price may be made by one or more of the following methods except to the extent otherwise provided in the Award Certificate:
- (i) In cash, by certified or bank check or other instrument acceptable to the Administrator;
 - (ii) Through the delivery (or attestation to the ownership following such procedures as the Company may prescribe) of shares of Stock that are not then subject to restrictions under any Company plan. Such surrendered shares shall be valued at Fair Market Value on the exercise date;

- (iii) By the optionee delivering to the Company a properly executed exercise notice together with irrevocable instructions to a broker to promptly deliver to the Company cash or a check payable and acceptable to the Company for the purchase price; provided that in the event the optionee chooses to pay the purchase price as so provided, the optionee and the broker shall comply with such procedures and enter into such agreements of indemnity and other agreements as the Company shall prescribe as a condition of such payment procedure; or
- (iv) With respect to Stock Options that are not Incentive Stock Options, by a “net exercise” arrangement pursuant to which the Company will reduce the number of shares of Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price.

Payment instruments will be received subject to collection. The transfer to the optionee on the records of the Company or of the transfer agent of the shares of Stock to be purchased pursuant to the exercise of a Stock Option will be contingent upon receipt from the optionee (or a purchaser acting in his stead in accordance with the provisions of the Stock Option) by the Company of the full purchase price for such shares and the fulfillment of any other requirements contained in the Award Certificate or applicable provisions of laws (including the satisfaction of any withholding taxes that the Company is obligated to withhold with respect to the optionee). In the event an optionee chooses to pay the purchase price by previously-owned shares of Stock through the attestation method, the number of shares of Stock transferred to the optionee upon the exercise of the Stock Option shall be net of the number of attested shares. In the event that the Company establishes, for itself or using the services of a third party, an automated system for the exercise of Stock Options, such as a system using an internet website or interactive voice response, then the paperless exercise of Stock Options may be permitted through the use of such an automated system.

- (f) **Annual Limit on Incentive Stock Options.** To the extent required for “incentive stock option” treatment under Section 422 of the Code, the aggregate Fair Market Value (determined as of the time of grant) of the shares of Stock with respect to which Incentive Stock Options granted under this Plan and any other plan of the Company or its parent and subsidiary corporations become exercisable for the first time by an optionee during any calendar year shall not exceed \$100,000. To the extent that any Stock Option exceeds this limit, it shall constitute a Non-Qualified Stock Option.

Section 6. Stock Appreciation Rights

- (a) **Award of Stock Appreciation Rights.** The Administrator may grant Stock Appreciation Rights under the Plan. A Stock Appreciation Right is an Award entitling the recipient to receive shares of Stock (or cash, to the extent explicitly provided for in the applicable Award Certificate) having a value equal to the excess of the Fair Market Value of a share of Stock on the date of exercise over the exercise price of the Stock Appreciation Right multiplied by the number of shares of Stock with respect to which the Stock Appreciation Right shall have been exercised.
- (b) **Exercise Price of Stock Appreciation Rights.** The exercise price of a Stock Appreciation Right shall not be less than 100 percent of the Fair Market Value of the Stock on the date of grant.
- (c) **Grant and Exercise of Stock Appreciation Rights.** Stock Appreciation Rights may be granted by the Administrator independently of any Stock Option granted pursuant to Section 5 of the Plan.
- (d) **Terms and Conditions of Stock Appreciation Rights.** Stock Appreciation Rights shall be subject to such terms and conditions as shall be determined on the date of grant by the Administrator. The term of a Stock Appreciation Right may not exceed ten years. The terms and conditions of each such Award shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees.

Section 7. Restricted Stock Awards

- (a) **Nature of Restricted Stock Awards.** The Administrator may grant Restricted Stock Awards under the Plan. A Restricted Stock Award is any Award of Restricted Shares subject to such restrictions and conditions as the Administrator may determine at the time of grant. Conditions may be based on continuing employment (or other Service Relationship) and/or achievement of pre-established performance goals and objectives.
- (b) **Rights as a Stockholder.** Upon the grant of the Restricted Stock Award and payment of any applicable purchase price, a grantee shall have the rights of a stockholder with respect to the voting of the Restricted Shares and receipt of dividends; provided that if the lapse of restrictions with respect to the Restricted Stock Award is tied to the attainment of vesting conditions, any dividends paid by the Company shall accrue and shall not be paid to the grantee until and to the extent the vesting conditions are met with respect to the Restricted Stock Award. Unless the Administrator shall otherwise determine, (i)

uncertificated Restricted Shares shall be accompanied by a notation on the records of the Company or the transfer agent to the effect that they are subject to forfeiture until such Restricted Shares are vested as provided in Section 7(d) below, and (ii) certificated Restricted Shares shall remain in the possession of the Company until such Restricted Shares are vested as provided in Section 7(d) below, and the grantee shall be required, as a condition of the grant, to deliver to the Company such instruments of transfer as the Administrator may prescribe.

- (c) **Restrictions.** Restricted Shares may not be sold, assigned, transferred, pledged or otherwise encumbered or disposed of except as specifically provided herein or in the Restricted Stock Award Certificate. Except as may otherwise be provided by the Administrator either in the Award Certificate or, subject to Section 16 below, in writing after the Award is issued, if a grantee's employment (or other Service Relationship) with the Company and its Subsidiaries terminates for any reason, any Restricted Shares that have not vested at the time of termination shall automatically and without any requirement of notice to such grantee from or other action by or on behalf of, the Company be deemed to have been reacquired by the Company at its original purchase price (if any) from such grantee or such grantee's legal representative simultaneously with such termination of employment (or other Service Relationship), and thereafter shall cease to represent any ownership of the Company by the grantee or rights of the grantee as a stockholder. Following such deemed reacquisition of Restricted Shares that are represented by physical certificates, a grantee shall surrender such certificates to the Company upon request without consideration.
- (d) **Vesting of Restricted Shares.** The Administrator at the time of grant shall specify the date or dates and/or the attainment of pre-established performance goals, objectives and other conditions on which the non-transferability of the Restricted Shares and the Company's right of repurchase or forfeiture shall lapse. Subsequent to such date or dates and/or the attainment of such pre-established performance goals, objectives and other conditions, the shares on which all restrictions have lapsed shall no longer be Restricted Shares and shall be deemed "vested."

Section 8. Restricted Stock Units

- (a) **Nature of Restricted Stock Units.** The Administrator may grant Restricted Stock Units under the Plan. A Restricted Stock Unit is an Award of stock units that may be settled in shares of Stock (or cash, to the extent explicitly provided for in the Award Certificate) upon the satisfaction of such restrictions and conditions at the time of grant. Conditions may be based on continuing employment (or other Service Relationship) and/or achievement of pre-established performance goals and objectives. The terms and conditions of each such Award shall be determined by the Administrator, and such terms and conditions may differ among individual Awards and grantees. Except in the case of Restricted Stock Units with a deferred settlement date that complies with Section 409A, at the end of the vesting period, the Restricted Stock Units, to the extent vested, shall be settled in the form of shares of Stock. Restricted Stock Units with deferred settlement dates are subject to Section 409A and shall contain such additional terms and conditions as the Administrator shall determine in its sole discretion in order to comply with the requirements of Section 409A.
- (b) **Election to Receive Restricted Stock Units in Lieu of Compensation.** The Administrator may, in its sole discretion, permit a grantee to elect to receive a portion of future cash compensation otherwise due to such grantee in the form of an award of Restricted Stock Units. Any such election shall be made in writing and shall be delivered to the Company no later than the date specified by the Administrator and in accordance with Section 409A and such other rules and procedures established by the Administrator. Any such future cash compensation that the grantee elects to defer shall be converted to a fixed number of Restricted Stock Units based on the Fair Market Value of Stock on the date the compensation would otherwise have been paid to the grantee if such payment had not been deferred as provided herein. The Administrator shall have the sole right to determine whether and under what circumstances to permit such elections and to impose such limitations and other terms and conditions thereon as the Administrator deems appropriate. Any Restricted Stock Units that are elected to be received in lieu of cash compensation shall be fully vested, unless otherwise provided in the Award Certificate.
- (c) **Rights as a Stockholder.** A grantee shall have the rights as a stockholder only as to shares of Stock acquired by the grantee upon settlement of Restricted Stock Units; provided, however, that the grantee may be credited with Dividend Equivalent Rights with respect to the stock units underlying his Restricted Stock Units, subject to the provisions of Section 11 and such terms and conditions as the Administrator may determine.
- (d) **Termination.** Except as may otherwise be provided by the Administrator either in the Award Certificate or, subject to Section 16 below, in writing after the Award is issued, a grantee's right in all Restricted Stock Units that have not vested shall automatically terminate upon the grantee's termination of employment (or cessation of Service Relationship) with the Company and its Subsidiaries for any reason.

Section 9. Unrestricted Stock Awards

Grant or Sale of Unrestricted Stock. The Administrator may grant (or sell at par value or such higher purchase price determined by the Administrator) an Unrestricted Stock Award under the Plan. An Unrestricted Stock Award is an Award pursuant to which the grantee may receive shares of Stock free of any restrictions under the Plan. Unrestricted Stock Awards may be granted in respect of past services or other valid consideration, or in lieu of cash compensation due to such grantee.

Section 10. Cash-Based Awards

Grant of Cash-Based Awards. The Administrator may grant Cash-Based Awards under the Plan. A Cash-Based Award is an Award that entitles the grantee to a payment in cash upon the attainment of specified performance goals. The Administrator shall determine the maximum duration of the Cash-Based Award, the amount of cash to which the Cash-Based Award pertains, the conditions upon which the Cash-Based Award shall become vested or payable, and such other provisions as the Administrator shall determine. Each Cash-Based Award shall specify a cash-denominated payment amount, formula or payment ranges as determined by the Administrator. Payment, if any, with respect to a Cash-Based Award shall be made in accordance with the terms of the Award and may be made in cash.

Section 11. Dividend Equivalent Rights

- (a) **Dividend Equivalent Rights.** The Administrator may grant Dividend Equivalent Rights under the Plan. A Dividend Equivalent Right is an Award entitling the grantee to receive credits based on cash dividends that would have been paid on the shares of Stock specified in the Dividend Equivalent Right (or other Award to which it relates) if such shares had been issued to the grantee. A Dividend Equivalent Right may be granted hereunder to any grantee as a component of an award of Restricted Stock Units or as a freestanding award. The terms and conditions of Dividend Equivalent Rights shall be specified in the Award Certificate. Dividend equivalents credited to the holder of a Dividend Equivalent Right may be paid currently or may be deemed to be reinvested in additional shares of Stock, which may thereafter accrue additional equivalents. Any such reinvestment shall be at Fair Market Value on the date of reinvestment or such other price as may then apply under a dividend reinvestment plan sponsored by the Company, if any. Dividend Equivalent Rights may be settled in cash or shares of Stock or a combination thereof, in a single installment or installments. A Dividend Equivalent Right granted as a component of another Award shall provide that such Dividend Equivalent Right shall be settled only upon vesting, settlement or payment of, or lapse of restrictions on, such other Award, and that such Dividend Equivalent Right shall expire or be forfeited or annulled under the same conditions as such other Award.
- (b) **Termination.** Except as may otherwise be provided by the Administrator either in the Award Certificate or, subject to Section 16 below, in writing after the Award is issued, a grantee's rights in all Dividend Equivalent Rights shall automatically terminate upon the grantee's termination of employment (or cessation of Service Relationship) with the Company and its Subsidiaries for any reason.

Section 12. Transferability of Awards

- (a) **Transferability.** Except as provided in Section 12(b) below, during a grantee's lifetime, his or her Awards shall be exercisable only by the grantee, or by the grantee's legal representative or guardian in the event of the grantee's incapacity. No Awards shall be sold, assigned, transferred or otherwise encumbered or disposed of by a grantee other than by will or by the laws of descent and distribution or pursuant to a domestic relations order. No Awards shall be subject, in whole or in part, to attachment, execution, or levy of any kind, and any purported transfer in violation hereof shall be null and void.
- (b) **Administrator Action.** Notwithstanding Section 12(a), the Administrator, in its discretion, may provide either in the Award Certificate regarding a given Award or by subsequent written approval that the grantee (who is an employee or director) may transfer his or her Non-Qualified Stock Options to his or her immediate family members, to trusts for the benefit of such family members, or to partnerships in which such family members are the only partners, provided that the transferee agrees in writing with the Company to be bound by all of the terms and conditions of this Plan and the applicable Award. In no event may an Award be transferred by a grantee for value.
- (c) **Family Member.** For purposes of Section 12(b), "family member" shall mean a grantee's child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the grantee's household (other than a tenant of the grantee), a trust in which these persons (or the grantee) have more than 50 percent of the beneficial interest, a foundation in which these persons (or the grantee) control the management of assets, and any other entity in which these persons (or the grantee) own more than 50 percent of the voting interests.

- (d) **Designation of Beneficiary.** To the extent permitted by the Company, each grantee to whom an Award has been made under the Plan may designate a beneficiary or beneficiaries to exercise any Award or receive any payment under any Award payable on or after the grantee's death. Any such designation shall be on a form provided for that purpose by the Administrator and shall not be effective until received by the Administrator. If no beneficiary has been designated by a deceased grantee, or if the designated beneficiaries have predeceased the grantee, the beneficiary shall be the grantee's estate.

Section 13. Tax Withholding

- (a) **Payment by Grantee.** Each grantee shall, no later than the date as of which the value of an Award or of any Stock or other amounts received thereunder first becomes includable in the gross income of the grantee for Federal income tax purposes, pay to the Company, or make arrangements satisfactory to the Administrator regarding payment of, any Federal, state, or local taxes of any kind required by law to be withheld by the Company with respect to such income. The Company and its Subsidiaries shall, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the grantee. The Company's obligation to deliver evidence of book entry (or stock certificates) to any grantee is subject to and conditioned on tax withholding obligations being satisfied by the grantee.
- (b) **Payment in Stock.** The Administrator may require the Company's tax withholding obligation to be satisfied, in whole or in part, by the Company withholding from shares of Stock to be issued pursuant to any Award a number of shares with an aggregate Fair Market Value (as of the date the withholding is effected) that would satisfy the withholding amount due; provided, however, that the amount withheld does not exceed the maximum statutory tax rate or such lesser amount as is necessary to avoid liability accounting treatment. For purposes of share withholding, the Fair Market Value of withheld shares shall be determined in the same manner as the value of Stock includable in income of the grantees. The Administrator may also require the Company's tax withholding obligation to be satisfied, in whole or in part, by an arrangement whereby a certain number of shares of Stock issued pursuant to any Award are immediately sold and proceeds from such sale are remitted to the Company in an amount that would satisfy the withholding amount due.

Section 14. Section 409A awards

Awards are intended to be exempt from Section 409A to the greatest extent possible and to otherwise comply with Section 409A. The Plan and all Awards shall be interpreted in accordance with such intent. To the extent that any Award is determined to constitute "nonqualified deferred compensation" within the meaning of Section 409A (a "409A Award"), the Award shall be subject to such additional rules and requirements as specified by the Administrator from time to time in order to comply with Section 409A. In this regard, if any amount under a 409A Award is payable upon a "separation from service" (within the meaning of Section 409A) to a grantee who is then considered a "specified employee" (within the meaning of Section 409A), then no such payment shall be made prior to the date that is the earlier of (i) six months and one day after the grantee's separation from service, or (ii) the grantee's death, but only to the extent such delay is necessary to prevent such payment from being subject to interest, penalties and/or additional tax imposed pursuant to Section 409A. Further, the settlement of any 409A Award may not be accelerated except to the extent permitted by Section 409A.

Section 15. Termination of Service Relationship, Transfer, Leave of Absence, etc.

- (a) **Termination of Service Relationship.** If the grantee's Service Relationship is with an Affiliate and such Affiliate ceases to be an Affiliate, the grantee shall be deemed to have terminated his or her Service Relationship for purposes of the Plan.
- (b) For purposes of the Plan, the following events shall not be deemed a termination of a Service Relationship:
- (i) a transfer to the employment of the Company from an Affiliate or from the Company to an Affiliate, or from one Affiliate to another; or
 - (ii) an approved leave of absence for military service or sickness, or for any other purpose approved by the Company, if the employee's right to re-employment is guaranteed either by a statute or by contract or under the policy pursuant to which the leave of absence was granted or if the Administrator otherwise so provides in writing.

Section 16. Amendments and Termination

The Board may, at any time, amend or discontinue the Plan and the Administrator may, at any time, amend or cancel any outstanding Award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall materially and adversely affect rights under any outstanding Award without the holder's consent. Except as provided in Section 3(b) or 3(c), without prior stockholder approval, in no event may the Administrator exercise its discretion to reduce the exercise price of

outstanding Stock Options or Stock Appreciation Rights, effect repricing through cancellation and re-grants or cancellation of Stock Options or Stock Appreciation Rights in exchange for cash or other Awards or effect cash buyouts of underwater Stock Options or Stock Appreciation Rights. To the extent required under the rules of any securities exchange or market system on which the Stock is listed or to the extent determined by the Administrator to be required by the Code to ensure that Incentive Stock Options granted under the Plan are qualified under Section 422 of the Code, Plan amendments shall be subject to approval by Company stockholders. Nothing in this Section 16 shall limit the Administrator's authority to take any action permitted pursuant to Section 3(b) or 3(c).

Section 17. Status of Plan

With respect to the portion of any Award that has not been exercised and any payments in cash, Stock or other consideration not received by a grantee, a grantee shall have no rights greater than those of a general creditor of the Company unless the Administrator shall otherwise expressly determine in connection with any Award or Awards. In its sole discretion, the Administrator may authorize the creation of trusts or other arrangements to meet the Company's obligations to deliver Stock or make payments with respect to Awards hereunder, provided that the existence of such trusts or other arrangements is consistent with the foregoing sentence.

Section 18. General Provisions

- (a) **No Distribution.** The Administrator may require each person acquiring Stock pursuant to an Award to represent to and agree with the Company in writing that such person is acquiring the shares without a view to distribution thereof.
- (b) **Issuance of Stock.** To the extent certificated, stock certificates to grantees under this Plan shall be deemed delivered for all purposes when the Company or a stock transfer agent of the Company shall have mailed such certificates in the United States mail, addressed to the grantee, at the grantee's last known address on file with the Company. Uncertificated Stock shall be deemed delivered for all purposes when the Company or a Stock transfer agent of the Company shall have given to the grantee by electronic mail (with proof of receipt) or by United States mail, addressed to the grantee, at the grantee's last known address on file with the Company, notice of issuance and recorded the issuance in its records (which may include electronic "book entry" records). Notwithstanding anything herein to the contrary, the Company shall not be required to issue or deliver any evidence of book entry or certificates evidencing shares of Stock pursuant to the exercise or settlement of any Award, unless and until the Administrator has determined, with advice of counsel (to the extent the Administrator deems such advice necessary or advisable), that the issuance and delivery is in compliance with all applicable laws, regulations of governmental authorities and, if applicable, the requirements of any exchange on which the shares of Stock are listed, quoted or traded. Any Stock issued pursuant to the Plan shall be subject to any stop-transfer orders and other restrictions as the Administrator deems necessary or advisable to comply with federal, state or foreign jurisdiction, securities or other laws, rules and quotation system on which the Stock is listed, quoted or traded. The Administrator may place legends on any Stock certificate or notations on any book entry to reference restrictions applicable to the Stock. In addition to the terms and conditions provided herein, the Administrator may require that an individual make such reasonable covenants, agreements, and representations as the Administrator, in its discretion, deems necessary or advisable in order to comply with any such laws, regulations, or requirements. The Administrator shall have the right to require any individual to comply with any timing or other restrictions with respect to the settlement or exercise of any Award, including a window-period limitation, as may be imposed in the discretion of the Administrator.
- (c) **Stockholder Rights.** Until Stock is deemed delivered in accordance with Section 18(b), no right to vote or receive dividends or any other rights of a stockholder will exist with respect to shares of Stock to be issued in connection with an Award, notwithstanding the exercise of a Stock Option or any other action by the grantee with respect to an Award.
- (d) **Other Compensation Arrangements; No Employment Rights.** Nothing contained in this Plan shall prevent the Board from adopting other or additional compensation arrangements, including trusts, and such arrangements may be either generally applicable or applicable only in specific cases. The adoption of this Plan and the grant of Awards do not confer upon any employee any right to continued employment with the Company or any Subsidiary.
- (e) **Trading Policy Restrictions.** Option exercises and other Awards under the Plan shall be subject to the Company's insider trading policies and procedures, as in effect from time to time.
- (f) **Clawback Policy.** Awards under the Plan shall be subject to the Company's clawback policy, as in effect from time to time.

Section 19. Effective Date of Plan

This Plan shall become effective upon stockholder approval in accordance with applicable state law, the Company's bylaws and articles of incorporation, and applicable stock exchange rules. No grants of Stock Options and other Awards may be made hereunder after December 14, 2030 and no grants of Incentive Stock Options may be made hereunder after September 9, 2030.

Section 20. Governing Law

This Plan and all Awards and actions taken thereunder shall be governed by, and construed in accordance with, the General Corporation Law of the State of Delaware as to matters within the scope thereof, and as to all other matters shall be governed by and construed in accordance with the internal laws of the State of California, applied without regard to conflict of law principles.
